## Welcome To About Us

**The LabMart®**  
Serving Science Since 1850

For more than 160 years, The LabMart® has offered **NEW** and **INNOVATIVE** products at affordable prices! We look forward to supplying you with all your lab needs in the future & thank you for your past patronage.

## Contact Us

Call: 800-684-1234

Fax: 908-561-3002

Online: [www.labmart.com](http://www.labmart.com)

E-mail: [sales@labmart.com](mailto:sales@labmart.com)

Mail: J&H Berge/The LabMart®

4111 South Clinton Avenue PO Box 310

South Plainfield, NJ 07080

## This Edition

This edition offers our best products at the best prices. **WE WENT GREEN** and cut back on resources to reduce our carbon footprint. We still have a full line catalog, just contact us and will be happy to send it to you. And of course, our online catalog ([www.labmart.com](http://www.labmart.com)) lists every product and chemical we offer. If you don't see it or can't find it, call us. We can cross-reference any competitors' product number or description and beat their price.

## New and Free Stuff

We have packed this catalog with the latest and best products produced by leading manufacturers.

Pg: 10, 11, 12, 14, 15, 19, 20, 21, 25, 27, 28, 33, 36, 38, 41, 43, 44, 45, 46, 47, 48, 49, 50, 62, 63, 69 and 71

Look for this Icon. Contact us and we will send you free samples! Specially Tagged Items Pg: 20, 23, 24, 31, 32, 33, 34, 41 and 69

## Premium Rewards

Check out [www.labmart.com/premium\\_rewards](http://www.labmart.com/premium_rewards) to see a full listing of free gifts! Cool stuff to pick from.

Premium Rewards are valid only on products purchased from The LabMart® Catalog or Website ([www.labmart.com](http://www.labmart.com)) and cannot be combined with other discounts or offers including but not limited to: negotiated pricing, items on contracts, clearance, custom quotes and sale items. Premium Rewards are subject to availability and may differ from photos and descriptions shown. The LabMart® reserves the right to substitute an item of equal value.

## Private Brand

Look for our LabMart® Brand products! High quality at great low prices, ready to ship anytime!

Pg: 8, 10, 16, 17, 20, 27, 30, 35, 40, 41, 42, 45, 50, 51, 52, 58, 62, 63, 64, 65 & 69

## Fine Print

**Prices:** • F.O.B. unless otherwise indicated, So. Plainfield, N.J., title passing at such point. • Prices subject to change without notice and apply to orders shipped to any point in US or possessions.

**Blanket Orders:** Available; saves you time and money.

**Payment:** Open account or Visa®, MasterCard®, American Express® Card, or Discover® accepted.

**Domestic Terms:** Net 30 days after proper credit has been established; otherwise, net cash with order or credit card.

**Design Changes:** Due to mfg. improvements in products, images and description may slightly differ.

**Satisfaction Guaranteed:** on items for their intended use. Credit or replacement will be made for any defective material.

**Shipments:** Domestic transportation unless otherwise instructed. All charges, (freight, insurance, fees, forwarding costs) collected at destination, or prepaid by us & added to invoice.

**Packing:** Included in the shipping costs for domestic shipments, unless otherwise indicated. Chemicals may require additional package charge to conform with DOT regulations.

**Damaged Shipment:** Notify us ASAP. Keep original pack material. Obtain carrier inspection report.

**Returned Goods:** Contact us for a return goods authorization number (RGA#). All returns must be made within 30 days of date of purchase and may be subject to a restocking charge.

**Note:** As a distributor, J&H Berge, Inc. warrants that representations made for the products in this catalog accurately reflect the mfg's representation to J&H Berge, Inc. J&H Berge expressly disclaims all other warranties, whether expressed, implied, or statutory, including the warranty FITNESS FOR USE and MERCHANTABILITY. In no event will J&H Berge, Inc. be liable for consequential damages arising out of the products described herein. © Copyright J&H Berge, Inc. 2013.

*Corning Glass at a deep discount, only from The LabMart®*

## Flasks - Volumetric, Class A

### All Flasks

- Increased strength due to machine-blown bodies which are sealed to heavy-tubing necks
- Sharp, permanent graduation lines are easy to read block letters
- PYREX®

### Series 5640 - Glass Stopper

- Sizes 1 & 2ml are test tube shaped flasks with standard taper stopper
- Sizes 1 to 2000ml include hollow stopper
- Sizes 3000 to 6000ml include solid pennyhead stopper

### Series 5580 - Snap Cap

- Snap caps are LDPE polyethylene, blue in color
- Sizes 1 & 2 ml are test tube shaped - no cap supplied
- Sizes 10 to 2000ml are supplied with snap caps

## 8 LAB GLASS

### Vials, Scintillation, LabMart®

- High UV Transmission
- Low potassium borosilicate, Type I glass
- Tight fitting caps (attached) are polypropylene pulp, foil lined
- Caps may be written-on for sample identification
- Background counts are consistent and low
- Loads efficiently into counting machines with out jamming or breaking
- Fit all liquid scintillation equipment
- Clean packed in 5 trays of 100

### Media Storage Bottle, Hybex™

The LabMart  
Brand

- Borosilicate 3.3 Hybex™ glass
- Low coefficient thermal expansion (3.3)
- Withstand temp. from -70 to 500°C
- Ideal for storage of reagents, culture media, biological fluids & variety of aqueous and non-aqueous solutions
- Permanent enamel graduation marks
- Large area for marking/identification
- Autoclavable, breakage resistant
- Sold with blue (PP) cap and O-ring
- Five cap colors available, except 50ml

**buy me because .....**  
My temperature resistance is far superior to that of lab glass or soda lime glass.

## Autoclavable Bio-Hazard Bags, The LabMart®

### Red Bag with Bio-Hazard Symbol - Superior Strength

- Designed for handling very dangerous materials
- Engineered to meet demanding regulatory specifications worldwide
- Exceed the 480g tear test by ASTM D1299-06A in both directions
- Meets all state requirements for hazardous waste handling, (including Florida & Pennsylvania Depart. of Health codes); Meets impact strength & tear strength for all 50 states
- Bags are red and clearly labeled with biohazard warnings
- Temperature indicator patch printed on
- Can be incinerated if autoclaving is not available
- Meets Federal DOT Regulation 173.197 for HazMat handling & marking

\*Florida and Pennsylvania have a high requirement for tear resistance at 480 gm. The LabMart® Red Autoclave Bio-Hazard bags are the only approved bags meeting the tear requirement of 480 gm for autoclavable PP for Florida and Pennsylvania.

Also available:  
 - Orange Bag, Printed on Bio-Hazard Symbol  
 - Clear Bag, No Print for Non Hazardous Waste  
 - Clear Bag, Bio-Hazard Symbol, Superior Strength  
 See labmart.com for details

- 2Mil thickness; PP
- Autoclavable

## Stand-Up Bags

- Works just like a beaker or bottle, but you can carry in your pocket
- Hands free - when the sample is placed inside, the special gusseted bottom flattens out, allowing the bag to stand up
- Design to easily add or remove material to the bag for testing or analysis
- Takes 80% less storage

## Compact Balance, Core™

- Lightweight and portable with simple 4 button operation
- Color coded, sealed keypad, low profile design with backlit LCD
- Stainless steel pan; 9 weighing units
- ShockProtect™ overload 3-point protection
- External calibration
- Battery power (6 x AA Batteries)
- **Applications:** weighing, below pan weighing
- **Features:** full range tare, zero tracking, dual tare keys, AC adapter, auto sleep, low battery indication
- 2 YEAR WARRANTY

## Portable Balance, Scout Pro®

*buy me because .....*

My totalization software allows summation of multiple weighing results.

- Ideal for laboratory, industrial or education use
- Superior shock resistance & overload protection protects wtgh cell
- **Applications:** Parts Counting, % Weighing, Totalization and Display Hold
- **Units of measure:** g, kg, oz, lbs., lbs.:oz, oz t, dwt
- **Features:** Removable platform, high contrast LCD, security bracket, shipping lock, weigh below hook, stability indicator, over/underload indicators, low battery indicator, auto shut-off
- Sealed front panel & molded spill ring to protect from spills
- Calibration mass included on 200g, 400g and 600g models
- **Includes:** stainless steel pan; AC Adapter or batteries
- Option of either RS232 or USB connectivity
- Optional Accessories: RS232 Interface, Hard Shell, Carrying Case, Sample Scoops and Calibration Masses
- 2 YEAR WARRANTY

# 12 BALANCES

## Analytical & Precision Balances, Explorer®

**buy us because .....** Of our ingeniously striking balance between cutting-edge technology and functional design, the Explorer® delivers accurate performance to improve lab efficiency

- **Intuitive Operation** - Large, 5.7" color touch-screen display, 4 programmable touch-free sensors, icon-driven app software - so easy to use and the most advanced in its class
- **Intelligent Calibration** - AutoCal™, automatic internal calibration system on all units
- Flexible modular display detaches from weighing base; use in limited space areas
- Ensures your results are always fast and accurate;  $\Delta 1.5^{\circ}\text{C}$  temperature change, 11 hours, and external calibration
- Draftshield comes standard on any model that reads to .001g or .0001g
- Optional draft shield for on .01 or .1g models, use M111290 to order

- **Units of measure:** g, mg, kg, ct, oz, ozt, lb, dwt, gn, N, mom, msg, hkt, sgt, twt, tical, tola, baht, 3 custom
- **Features:** user friendly application-based graphical software platform, redesigned antistatic draftshield & enhanced weighing performance
- QuadraStance™ design - 4 leveling thumbwheels, up-front backlit level indicator
- Includes in-cover, weigh-below hook and integral security bracket
- **Application Modes:** 14 Standard
- **2 YEAR WARRANTY**

## Analytical & Precision Balances

**buy us because .....** We are loaded with features that are user-friendly!

- Adjustable filters and selectable digital filtering for animal / dynamic weighing
- Large backlit display with dual text prompts
- Large stainless steel pan mounted in a modern low profile design
- Force restoration mechanism
- Color coded, sealed keypad is splashproof to protect from spills
- Solid metal housing sits on non-slip adjustable leveling feet
- Windshield supplied on models with 0.001g readability
- **Units of Measure:** 18+ weighing units (including one custom unit)
- **3 YEAR WARRANTY**

- **Applications:** weighing, net / total, check weighing, % weighing, weight accumulation, Parts counting, animal / dynamic weighing, density determination, below pan weighing
- **Features:** date/time, full range tare, zero tracking, capacity tracker, dual tare keys, RS-232, GLP, AC adapter

## Analytical & Precision Balances, Adventurer™ Pro

### buy us because .....

We are the industry's most versatile compact balance, I count, sum, hold then deliver traceable results.

- Easy access, frameless draftshield; removable doors help avoid contamination
- SmarText™ Software guides users through applications & setup; with 2-line LCD
- QuadraStance™ footprint for stability on any surface & prevent rocking/tipping
- Up front level indicator to ensure balance is level prior to each use
- **Applications:** animal/dynamic weighing, parts counting with auto sample recalibration, % weighing, checkweighing, totalization, display hold
- **Units of measure:** milligram, g, kilogram, oz, lb, carat, pennyweight, ounce troy, grain, Newton, mesghal, tola, custom.  
Milligram unit available on 0.1mg to 1mg models.  
Kilogram and Pound units available on 0.01g to 0.1g models.

- **Features:** large stainless steel weigh platform, mechanical & software over/underload protection, security bracket, weigh below hook and protective in-use cover
- **Software Features:** stability indicator, a low battery indicator, user selectable span calibration points, auto tare, user selectable communications settings, selectable data print options, definable project & user ID's, a software reset menu and a software lockout
- **Optional InCal™** (internal calibration system) units allow calibration without use of external weights which will ensure accuracy
- Included RS232, factory installed USB (or a second RS232 option) allows connection to multiple peripherals with full GLP/GMP data output for traceability and compliance requirements
- **Selectable Environmental Settings:** For Sensitive - 3 filter modes & adjustable zero tracking for slow filling applications.  
For Harsh - set to compensate for vibrations / other disturbances
- Battery or AC Power with auto shut off • CE, FCC, CULUS, CCSAUS, NRTL • 2 YEAR WARRANTY

## Water Proof / Dust Proof Balance

buy me because .....I am the worlds first IP-65 rated 1mg resolution balance !

- Ideal for use in environments where other balances are inoperable
- Compact SHS (Super Hybrid Sensor)
- **Applications:** use in extreme, wet or harsh environments
- **Units of measure:** g, oz, lb, lb-oz, ozt, ct, mom, dwt, GN, tl, tol, mes, pcs, percent, MLT
- **Functions:** SCF-Statistical Calculation, Comparator, Digital Calibration, Response Indicator
- 1 Second Stabilization
- Quick USB Interface available
- Sealed pan support
- LAN-Ethernet Interface available with WINCT-Plus Software
- Breeze break, rechargeable battery; waterproof cable; and more
- 5 YEAR WARRANTY

\*Supplied with 3.4 inch Breeze Break

## Precision, Highlander™

**NEW!**

**buy me because .....** We have overload 3-point protection, ShockProtect™.

- Removable anti-static draft shield (120mm pan size only)
- Stainless steel pan housed in unit with non-slip adjustable leveling feet
- Color coded, sealed keypad with backlit LCD display
- Handical™ manual internal calibration with built-in mass
- External calibration
- **Units of Measure:** 15 weighing units
- **Applications:** weighing, percentage weighing, parts counting, below pan weighing, weight accumulation
- **Features:** full range tare, zero tracking, capacity tracker, dual tare keys, RS-232, USB, AC Adapter, auto off, low battery indication, rechargeable battery
- 2 YEAR WARRANTY

## Moisture Analyzer

- Moisture % by gravimetric method
- Timed or auto shut-off modes
- Process Temperatures to 200C
- Resolution from 0.1% to 0.001%
- All pans sizes are 85mm
- Bi-directional RS232C
- Conforms to GLP, GMP, ISO
- 5 YEAR WARRANTY

### •M109817 / M107723

- Fast & uniform heating with straight halogen lamp (life 5000 hours) and SRA (Secondary Radiation Assist) filter technology
- High repeatability; With SHS (Super Hybrid Sensor) featured as the weight sensor, ultra accurate moisture content determination is based on high precision weighing of even a small sample
- **M109817** measures a high moisture content, at 0.001% resolution, suitable for low moisture content samples as well as Karl Fischer method, requires no training and produces no harmful waste
- WinCT-Moisture software for real-time graph displaying
- Sodium Tartrate Dihydrate for accuracy checking calibrator (optional)
- Memory function for test parameters and results, (20 sets)
- **Five choices of measurement programs**; Standard, Automatic, Quick, Timer, and Manual
- Selectable Heating Modes of standard, quick, step and ramp
- Clear and easy-to-see, large VFD display; design eliminates burns

### •M107722

- Heating process can be checked through translucent window
- Self Defect Check function
- Temperature control function
- Quick Reference Card on bottom of unit
- **Memory func.;** parameters & results, (10 sets)
- WinCT software

- **Includes:** sample pans, pan Handles, tweezers, spoon, test sample, WinCT, glass fiber sheet, display cover, dust cover, manual, fuse

## Square Weighing Dishes

Polystyrene (Anti-Static)

The LabMart  
Brand

**buy me because .....**  
My white translucent makeup  
is great for traditional uses.

**buy me because .....**  
My blue color is great for  
sample contrast.

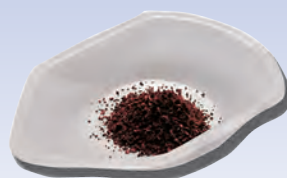

- Disposable, general purpose sample holders
- Anti-static material reduces foreign particles contamination
- Rubberized polystyrene withstands temperatures to 180 F
- Hundreds of uses; with balances, in microwaves, moisture analyzers
- Biologically inert; resistant to dilute acids, aqueous solutions, alcohols, bases
- Flexes for easy pouring
- Flat bottom resists tipping
- Contoured sides permit no-slip handling
- Blue contrasts for white powders and solids, increases sample visibility/recovery, improves measuring accuracy

Cat. No.	Size	Top ID x D"	Color	Price/Cs
M129110	Small	1 5/8 x 5/16	White	\$50.70/500

## Pour-Boat Weigh Dishes

Polystyrene (Anti-Static)

The LabMart  
Brand

**buy me because .....** You will love my 'pour spout'.

- Facilitates pouring and dispensing
- No need to flex dish to dispense liquids or solids
- 20-30% thicker material for strength, stability, handling ease and safety
- Flat bottom; smooth, uniform
- Withstand 200 F
- Disposable, and inexpensive

Cat. No.	Cap.	W x L x D (in.)	Price/Cs	8+ Cs
M129114	Small, 20ml	1 3/4 x 2 1/4 x 5/16	\$41.50/250	\$37.35

**Free Gifts, More Products**

## Weighing Vessels

Polystyrene (Anti-Static)

The LabMart  
Brand

**buy me because .....**  
I am great for liquid samples.

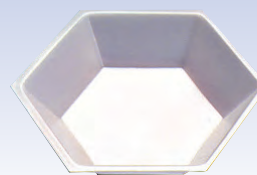

- Excellent for weighing static-affected materials
- Translucent polystyrene flexes easily for weighing, dispensing, or pouring liquids or solids
- Unique design for non-slip handling / pouring and flat bottom resist tipping
- Biologically inert; resistant to most dilute acids, aqueous solutions, and alcohol bases
- Three convenient sizes for any sampling or weighing application
- Disposable

Cat. No.	Cap.	L x W x D (in.)	Price/Pk	Price/Cs

## Hexagon Weighing Dishes

Polystyrene (Anti-Static)

The LabMart  
Brand

**buy me because .....**  
Of my unique design.

- Flexes easily for weighing, dispensing, or pouring liquids or solids
- Unique hexagonal design for non-slip handling and pouring
- Biologically inert; resistant to most dilute acids, aqueous solutions, and alcohol bases
- Flat bottoms resist tipping
- Hundreds of sampling and weighing applications
- Translucent, disposable

# 18 CENTRIFUGES

## Mini Centrifuge, My Fuge™ Mini

### buy me because .....

*I fit in the palm of your hand so color it with your fav color.*

**Speed:** Fixed 6000 rpm / 2000 xg

**Cap.:** 8 x 1.5/2.0ml tubes 16 x 0.2ml PCR tubes 2 x 0.2ml PCR strips

**Dim.:** 4.5 x 5.9 x 4.5 in., 1.1 lbs.

Cat. No.	Lid Color	Price
M110941	Blue	\$259.50
M110942	Clear	259.50
M110943	Neon Green	259.50
M110944	Purple	259.50
M110945	Red	259.50
M111116	Replacement Adapters for 0.5 ml	24.00/6
M111117	Replacement Adapters for 0.2 ml	24.00/6

- Eight Position Microtube rotor 8 x 1.5/2.0ml (comes installed)
- Rotor for 0.2ml PCR tubes & strips (included) is stored in a convenient compartment on bottom of unit
- Ideal for quick spin; Near silent operation
- Starts and stops in seconds with open/close of lid
- **Includes:** both rotors and adapters for 0.5ml & 0.2ml
- **1 YR WARRANTY**

## Mini Centrifuge, My Fuge™ 12

### buy me because .....

*No rotor changing with twice the capacity; I am flexible*

**Speed:** Fixed 5500 rpm / 2000 xg

**Cap.:** 12 x 1.5/2.0ml tubes 32 x 0.2ml PCR tubes 4 x 0.2ml PCR strips

**Dim.:** 5.5 x 7.9 x 4.4 in., 2.1 lbs.

Cat. No.	Description	Price
M110938	MyFuge <sup>12</sup>	\$349.00
M110939	Replacement Adapters for 0.5 ml	26.25/6
M110940	Replacement Adapters for 0.2 ml	26.25/6

- Unlike traditional mini centrifuges, unit eliminates need to change rotors when switching between microtubes & PCR strips
- Runs (12) microtubes and (4) PCR strips simultaneously with the COMBI-Rotor™ (included)
- 5.5 Inches wide; near silent operation
- Starts/stops with open/close of lid
- Perfect for quick spin downs
- Quickly ramps up to 5500 rpm
- **1 YEAR WARRANTY**

## Personal Mini-Centrifuge High Speed

**Speed:** 15000 rpm (200-15000rpm), 100rpm increments

**Max. RCF:** 15100 x g, 100 rpm x g increments

**Run Time:** 30 secs to 99 mins Timer or Continuous

**Dim.:** Compact, 9.8W x 9.6L x 5.5H inches, 13.2 lbs.

Cat. No.	Description	Price
M111319	Centrifuge, 2ml / 12-Place Rotor	\$850.00
<b>Rotor Kit: includes Bio-Cover, Fixing Clips &amp; O-Ring, 15000RPM</b>		
M111320	12 Place Rotor Kit, 2ml x 12	\$275.00
<b>Rotor Adapters</b>		
M111325	0.2ml Rotor Adapter	\$60.00/24
M111326	0.5ml Rotor Adapter	60.00/24

- Powerful centrifugal force of 15100 g
- High speed, 12-Place Rotor is fully autoclavable and is made of high strength aluminum alloy
- Unique cooling design, minimizes rotor heating
- Over-speed detection; whisper quiet operation
- Brushless motor drive, maintenance free
- Pulse operation for quick spins
- Large LCD, auto door lock
- **2 YEAR WARRANTY**

## Microcentrifuge, Refrigerated Prism™ R

### buy me because .....

*I'm a chilling machine with a powerful motor, small footprint & cooling capacity to spare.*

- Design of the 24 place rotor allows easy access to the top of sample tubes & is easy to remove and clean
- Solid aluminum rotor support tubes via individual slots and will contain sample if the tube fails
- Rotor accepts 1.5/2.0ml tubes, smaller tubes need adapters
- StripSpin adapter (optional) snaps on the top of the rotor for spinning 0.2ml tubes and PCR strips
- Load imbalance identification system with auto shut-off
- A momentary spin function is activated by pressing and holding the quick key
- The powerful refrigeration system maintains temperatures as low as -10°C and is designed to reach 4°C (from room temperature) in less than 8 minutes
- "Quick-COOL" function; 4°C in 8 minutes
- User friendly, large LCD control panel provides intuitive control over all operating parameters
- Set and view speed in both rpm or rcf
- Brushless motor; maintenance free with quiet operation
- Autoclavable
- **2 YEAR WARRANTY**

**Speed Range:** 13500 rpm (accelerates to max in 16 secs.)

**Maximum RCF:** 17135 x g

**Temperature Range:** -10 to 40°C

**Timer:** 0.5 to 99 min. or continuous & momentary

**Cooling Time:** 8 min. (Room Temperature to 4°C)

**Dim. (WxDxH):** 10.9 x 17.75 x 9.75 in. / 44 lbs

Cat. No.	Description	Price
M110738	Microcentrifuge with 24 Place Rotor	\$5,144.85
<b>Adapters</b>		
M107414	StripSpin for 0.2 ml Tubes and 8 Position PCR Strips	\$101.65/1
M158167	Individual for 0.5/.06 ml Tubes	54.26/6
M158168	Individual for .04/0.25 ml Tubes	54.26/6
M158169	Individual for 0.2 ml Thermo Cycling Tubes	54.26/6

## Microcentrifuge, Spectrafuge™ 24D

### buy me because .....

*I am available in different colors for your personal needs.*

**Speed:** 500 to 13300 rpm / 16300 x g

**Timer:** 1 to 30 mins. or continuous "Quick" button for momentary operation

**Dim.:** 9.25W x 11.5D x 8.5H" / 18 lbs.

Cat. No.	Description	Price
M107409	Grey	\$1,765.50
M107410	Blue	1,765.50
M107411	Teal	1,765.50
M107412	Purple	1,765.50
M107413	Red	1,765.50
M107414	StripSpin™ Adapter for 0.2 ml Strip Tubes	101.65

- Precise microprocessor control
- "MultiFlo" airflow pattern keeps samples cool
- Powerful, maintenance-free brushless motor, quiet operation
- Simple knob adjustment maintains precise control; digital display
- Solid aluminum rotor (24 x 1.5/2.0ml included) is easy to remove for cleaning and autoclaving
- Optional StripSpin™ adapter for PCR strips or 16 individual 0.2µl tubes

800-684-1234

fax 800-561-3002

## Universal Lab Centrifuge

**buy me because .....**

Versatility... I accept 11 different rotor types.

- Ideal for routine clinical or research applications
- Spins everything from microplates and tubes in 0.2 to 100 ml sizes
- Includes a digital display, microprocessor control, a brushless motor and automatic brakes
- Lid lock system shuts down the centrifuge if the lid is opened or not closed properly
- Features an imbalance indicator with safety cutoff and automatic over speed prevention
- 1 YEAR WARRANTY

**Speed Range:** 250 to 13500 rpm  
**Maximum RCF:** 17130 x g  
**Temperature Range:** -10° to 40°C  
**Timer:** 1 to 60 minutes or continuous "Quick" Button for momentary operation  
**Dims. (WxDxH):** M158180: 14 x 18.1 x 13 in. / 88 lbs  
M105746 : 16.5 x 26.4 x 13.2 in. / 167.2 lbs.

Cat. No.	Description	Price
M158180	Universal Centrifuge w/o Rotor	\$3,856.01

### Angle Rotors

M158181-00	24 x 15 ml w/ Shields	\$1,429.80
M158181-01	6 x 50 ml	1,064.81

## Screw Cap Microtubes

- Provides strongest seal possible
- Forms visible positive seal for protection from leaks or contamination
- Frosted writing area for labeling
- Easily opened with one hand
- Pierceable cap
- Suitable for vapor-phase and liquid nitrogen storage, boiling and autoclaving
- Natural color
- Colored screw caps available

## 20 CENTRIFUGES

### Flat Top Microtubes, G-Tubes™

- Safe sample deposit
- No special locking cap devices needed
- Spin to over 30,000 x g w/out cap locks
- Highest impact tube strength with smoothest interior surface
- Flat, textured writing patch on top
- 1.5 and 2.0 ml tubes have an additional side writing patch & grad.
- Autoclavable; withstands temp. -80 to 121°C
- Certified to be RNase/Dnase free
- Audible "snap" indicates secure closure

**buy me because .....**  
I am virtually transparent and have superior toughness.

### Sterile Centrifuge Tubes

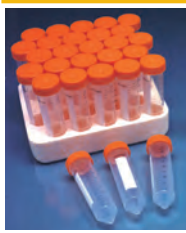

#### 15 & 50ML

- Graduations on clear tubes are printed in bold easy-to-read black ink and accurate to ± 2%
- High quality polypropylene

- 50mL clear tubes include a black printed 50mL graduation line and 1, 2 and 3mL graduations molded into the conical bottom
- Large white marking area provides excellent contrast for identification
- Smooth, flat surface polyethylene (HDPE) caps
- Maximum RCF is 12,000g for 15mL and 16,000g for 50mL tubes
- Temperature range of -80°C to 120°C
- Available in recyclable racks or bulk packaged in zip-closure bags
- Sterile (gamma irradiated)

### Flip Top Caps Centrifuge Tube

- The ergonomic leak-free flip top cap design allows easy one hand opening of caps while preventing loss of a separate cap
- Flip top caps are smooth, flat surface polyethylene
- Graduations are printed in a bold easy-to-read black and are accurate to ± 2%
- Large white marking area provides excellent contrast for identification
- Temperature range is -80 to 120°C

- Made of high-clarity polypropylene
- Manufactured in a class 100,000 clean room
- Available in either paperboard recyclable racks or bulk packaged in sterile re-sealable (zip closure) bags
- Gamma irradiation sterilized, RNase-free, DNasefree, Non-pyrogenic

## Microtube Rack, One Hand™

- Compact, lightweight, most attractive rack for your bench top
- Made of highly resistant acetal polymer, it will not shatter or stain in contact with most laboratory chemicals
- No coating to chip, peel or rust in a water bath

- Unit is submersible, it will sink and maintain stability without tipping over
- Stackable with interlocking feet for safe stacking; saves space
- Ideal for incubators, refrigerators, freezers, under lab hoods
- Made of 2 tiers to facilitate the insertion and stability of microtubes; will lock in the upper tier, thanks to a series of teeth grasping the collar of the microtube
- With one hand, you can easily unscrew just about any type of microcentrifuge tube with a screw-on closure
- An innovative locking system, the self-standing Microwtubes® will securely lock in each well of the base tier and will not turn
- Accepts all models of microtubes by various manufacturers
- Carry handles on each side will ensure a safe grip
- Individually wrapped **Dim.:** 293 mm x 115 mm x 39 mm H

FREE SAMPLES!

### Alcojet® Low Foaming Powdered Detergent

- **Use:** Nonionic, low foaming cleaner for use in labware washers, parts washers, power-spray systems, manual/ultrasonic cleaning
- **Recommended For:** Corrosion inhibited formula for glassware, metals, plastic, ceramic, porcelain, rubber & fiberglass
- Dilute 1:200, pH 12; sold 4 lbs. per box

Cat. No.	Price/Ea	Price/Cs
M215694-01	\$34.58/Bx	\$256.94/9

### Alconox® Powdered Precision Cleaner

- **Use:** Anionic for manual/ultrasonic cleaning
- **Recommended For:** Cleaning contaminants from glassware, metals, plastic, ceramic, porcelain, rubber and fiberglass
- Excellent replacement for corrosive acids & hazardous solvents
- Concentrated, dilute 1:100, pH 9.5; sold 4 lbs. per box

Cat. No.	Price/Ea	Price/Cs
M215694	\$35.90/Bx	\$266.76/9

### Alcotabs® Critical Cleaning Detergent Tablets

- **Use:** Effervescent detergent tablet
- **Recommended For:** Maximum cleaning in syphon pipette washers to clean pipettes and tubes
- Slow release bubble action
- pH 6.5; sold 100 tablets per bottle

Cat. No.	Price/Ea	Price/Cs
M100898	\$26.82/Btl	\$132.84/6

### Luminox® Low Foaming Neutral Cleaner

- **Use:** Safe-handling detergent used for non-corrosive cleaning without chelation or alkalinity waste treatment problems
- **Recommended For:** Aluminum & soft metal, medical devices, pharmaceutical equipment & alkaline sensitive labware
- Detergent for use in manual, ultrasonic & machine cleaning
- Dilute 3:100, pH 7.0

Cat. No.	Price/Ea	Price/Cs
M100899	\$71.04/Gal	\$249.48/4

### Dust-Off® XL

- Environmentally safe
- Non-ozone damaging Difluoroethane
- Triple filtered for highest purity available
- Cleans delicate electronic equipment

Cat. No.	Description	Price
M224105	Dust-Off® XL, 10 oz. can	\$54.61

### Citranox® Liquid Acid Cleaner & Detergent

- **Use:** Cleaner and metal brightener, phosphate free
- **Recommended For:** High performance removal of metal oxides, scale, salts & inorganic residues in manual & ultrasonic cleaning
- Corrosion inhibitive; ideal for trace metal analysis
- Concentrated, dilute 2:100, pH 2.5

Cat. No.	Price/Ea	Price/Cs
M215690	\$59.52/Gal	\$196.56/4

### Det-O-Jet® Low Foaming Liquid Detergent

- **Use:** Highly emulsifying & penetrating
- **Recommended For:** Heavy-duty alkaline for use in labware & parts washers, power-spray systems & ultrasonic cleaning systems
- Protects interior working parts of washers
- Dilute 1:100, pH 13

Cat. No.	Price/Ea	Price/Cs
M102397	\$15.87/Qt	\$169.20/12

### Liqui-Nox® Critical Cleaning Liquid Detergent

- **Use:** Anionic detergent for manual & ultrasonic cleaning
- **Recommended For:** A neutral detergent for long instrument life; manual and immersion cleaning of vessels and equipment
- Extremely mild and completely soluble in hard and soft water
- Phosphate-free to eliminate phosphate interference
- Concentrated Liquid, dilute 1:100, pH 8.5

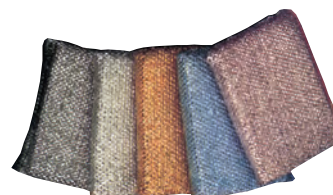

Cat. No.	Price/Ea	Price/Cs
M215695	\$21.51/ Qt	\$197.64/12

## HDPE Dewar Flasks

**buy me because .....**

My polyethylene coated bail-type steel handle for added safety and ease of use

- For short-term storage of dry ice and liquid nitrogen from -196° to +100°C
- Large opening for easy access
- Built in spout for easy pouring
- Finger grip on bottom for secure handling Metal tabs keep lid securely in place
- Double wall molded of HDPE filled with CFC free foamed urethane insulation
- NALGENE®

Cat. No.	Liter	Price/Pk	Price/Cs
M241700	1	\$654.53/1	\$914.93/4

M241703	9		489.21/1

## Freezer Storage Boxes

**100 Place**

**buy me because .....**

Tubes fit "A-1" position for a true 10-place rack.

- 100-place, compact, safe storage for 0.5, 1.5 & 2.0ml tubes & cryo vials
- Alphanumeric indexing
- Stackable, 'no slide' feature

- Black for light sensitive samples
- Hinged translucent lid for easy access and viewing
- Compact storage, keep organized on bench, in freezer, or transport
- Colored box to organize & categorize
- Boxes: 15.4 x 14.3 x 5.6cm (6 x 5.7 x 2.2"H)
- Use at -80 to 121°C, (-112 to +249°F)
- Autoclavable polypropylene

## Cryo Boxes and Dividers

**Cardboard**

- Can be stored in liquid nitrogen or mechanical freezers
- Ideal for identification and sorting purposes
- Paper wrapped cardboard cryo boxes and dividers
- Dividers available to create 64, 81, or 100 cells
- Boxes are available in 50 or 75 mm tall sizes
- Small footprint 133 x 133 mm
- Boxes and dividers are sold separately
- Assorted pack contains four each of blue, red and yellow

## Vacuum Desiccators

- Holds a vacuum of 740mm (29 in.) Hg for 24 hours; shatterproof
- PP constructed lower section with excellent chemical resistance
- Transparent, light amber tint polycarbonate cover
- Non-corrosive, removable pan holds drying agents; requires no grease
- Neoprene "O" ring on the bottom section for an excellent seal with the upper section

*buy me because .....*  
*There is no danger of implosion, even under full vacuum.*

Vacuum retention valve is operated by slowly turning the plug to allow entrance of air w/o damage to crucibles. Lid, with retention valve, may be used with standard glass desiccators

## Desiccants, Drierite™

- All-purpose drying agent for air, industrial gasses, refrigerants, organic liquids or mixed solvents
- Maintains dry atmosphere in storage spaces, vaults, packages, etc.
- Protection of hygroscopic materials or materials subject to mildew, corrosion, rust or other deterioration
- Made from naturally occurring gypsum

## Agarose LE

- High purity and reduced background
- Green Choice - free from organic solvents
- Enhanced resolution and clarity
- Use for analyses of proteins and nucleic acids of various sizes (150 bp to 6 kbp)
- Low EEO promotes increased electrophoretic mobility for improved resolution & shorter run times
- Applications: variety of molecular biology as well as multi-purpose use
- High hysteresis, improved thermal stability

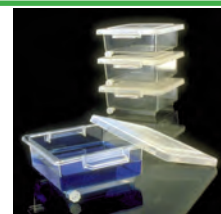

**Moisture:** ≤ 7%  
**EEO (electroendosmosis):** ≤ 0.13 -mr

## Staining Boxes

- Ideal to stain, fix, destain and handle electrophoresis gels and membranes
- Resists temp. from -70 to +70°C
- Good chemical resistance to acids, bases and organic solvents
- LDPE plug provides leakproof seal and allows easy liquid drainage
- 2 sizes that hold 500 - 750ml of liquid
- Handles for secure transportation and stackable to save space

Cat. No.	Interior L x W x H (cm)	Price/Ea	Price/Cs

## Desiccator Cabinets, Secador®

- Co-polyester material assures blockage of 99% of UV light
- Door-mounted dial hygrometer for convenient tracking of RH
- Patented, airtight seal design provides moisture / dust-free storage of items or chemicals sensitive to dampness; sturdy latch
- Has loops to secure contents with tamper evident seal or padlock
- Resistant to staining, grazing and chemical attack
- Stackable; space-saving, small footprint

### Amber Tinted

- Excellent protection for expensive light sensitive materials, reduces visible light penetration by more than 50%
- Clear polystyrene shelves plastic; perforated holes for air circulation
- The Auto-Desiccators Units feature a patented electronic dehumidification system that quickly regenerates desiccant, reduces relative humidity to 25%, and circulates dry air routinely to assure safe, dry storage even when the cabinet door is opened frequently

## Filter Paper Circles, Whatman®

- **Qualitative Filters:** Used for qualitative analytical techniques to determine and identify materials. **Grade 1** has a medium retention for soil analysis and seed testing procedures, food industry testing, air pollution monitoring and gas retention. **Grade 4** has a high flow rate with good retention of larger particles and gelatinous precipitates such as ferric hydroxide and aluminum hydroxide.
- **Glass Microfiber:** Filters have fast flow rates, high loading capacity and high retention of fine particles. Produced from the highest grades of borosilicate glass and binderfree. Filters will withstand temperatures up to 550°C and can be used in gravimetric analysis where ignitions are involved or in the filtration of hot gases. **934-AH** for water and air pollution monitoring, cell harvesting, liquid scintillation counting.
- **Ashless Quantitative:** Produced under carefully controlled conditions which ensure low ash levels of 0.01%. Ideal for the widest range of critical analytical filtration operations. **Grade 40's** applications include gravimetric analysis, filtration of solutions prior to atomic absorption spectrophotometry and monitoring air pollution. **Grade 41** is for analytical procedures involving large particles for gelatinous precipitates such as iron or aluminum hydroxides. **Grade 42's** typical analytical precipitates include barium sulfate, metastannic acid and finely precipitated calcium carbonate.

## Syringe Filters, CELLTREAT®

- Available in a variety of membrane types, porosities and diameters
- Color coded for easy identification
- All syringe filters have luer-lock connections with polypropylene housings
- Filters are molded in the housings, providing a reliable seal without the use of adhesives
- Individually packed in peel-to-open paper/plastic blister packs
- Supplied sterile (gamma irradiated)

## Table Top Buchner Funnel

- **With Porous Filter Plates** 1 Piece design with a fixed or a removable porous filter plate supported by a multiple ring grid. Filter plates are made of high density polyethylene  $\frac{1}{4}$  in. h (6.4mm) thick. A non-porous ring at the periphery of the plate seals filter paper when used. Vacuum connector accepts  $\frac{1}{2}$  in. ID tube. Available in 2 porosities, coarse (90-130 microns) and medium (45-90 microns). Special sizes & features made to order. Use below 125°F.
- **With Perforated Filter Plates Section** Fixed or removable perforated filter plate. The plate is made of  $\frac{3}{16}$  in. (4.8mm) thick high density polyethylene and has  $\frac{3}{16}$  in. perforations on  $\frac{7}{16}$  in. (11 mm) centers. The fixed version is for coarse filtration or use with a cloth or paper filter. A removable filter plate is also available. Use below 125°F. 24 and 36 Sizes come crated.
- **Filter Paper Disks** Fit table top Buchner funnels are E-D 615 type for fast filtering. Rough crepe surface with a thickness of 0.25mm, weight 70 g/sq. meter, flow rate 235 ml/min., retention of 24 microns and wet strength of 40 cm.

## 30 FILTRATION

### Filter Systems & Bottle Top Filters

- Angled hose barb adapter fits 3 size hose diameters & increases unit stability
- Polyethersulfone (PES) membrane for high flow and low binding
- Two membrane pore sizes: 0.22 or 0.45µm
- Filter systems include bottle top filter and solution bottle with cap
- Bottle top filters fit on CELLTREAT solution bottles or other standard 45mm threaded solution storage bottles
- Bottle top filters do not include solution bottles and are packaged sterile (gamma irradiated) in bags

### Filtering Flasks

- Made from polypropylene
- Molded in one piece to withstand full vacuum to 30-in. Hg. Tubulation at 45 degree angle prevents tipping
- Barbed adapter accepts 1/4- to 3/8-in. I.D. tubing
- Oval marking area
- Autoclavable

Cat. No.	Cap. ml	Fits tubing I.D., in.	Fits tubing I.D., mm	Stopper No.	Price

### HPLC Dissolution Syringe Filters, LabMart®

- All syringe filters are constructed of a polypropylene housing with Luer locks on the inlet and outlet
- Designed to provide critical and consistent results with uninterrupted performance
- Confirmed physical specifications for retention, burst pressure and flow rate
- Certified HPLC performance for interference free data results and clarity test for max efficiency at stated pore size
- Lot controlled w/ retention sample program for full documentation
- Designed for results, engineered for performance
- Unequaled reproducibility, filter to filter, lot to lot
- Certified HPLC performance
- Cost effective, quality alternative for improved analysis
- The 17 mm filter housings are white and the 4 mm and 30 mm are transparent
- Packaged 25 per jar with 4 jars per case
- Polysulfone and polypropylene syringe filters also available, please inquire

## LabMart® Digital Dry Baths

**buy us because .....** I provide accurate "set and walk away" digital temperature selection, eliminating the need for external thermometers and repetitive "fine tuning" of a temperature control knob.

- Digital accurate temperature with real time monitoring
- Digital timer alerts user when chosen time interval has timed out
- Blocks provide unsurpassed temperature transfer
- Baths offer a built-in user recalibration function, to guarantee long term temperature accuracy
- Single, double and four block capacity
- Assorted blocks for a wide variety of tube sizes, custom blocks available upon request
- Includes block lifter tool for removal of hot blacks
- 2 YEAR WARRANTY

### Specifications:

Temp. Range:	Ambient 5° to 150°C / Single & Double Ambient 5° to 130°C / Four Position	
Temp. Accuracy:	±0.2°C	
Temp. Increments:	0.1°C	
Temp. Uniformity:	±0.2°C	
Timer:	1 to 999 minutes	
Dims. (W x D x H) (in.):	Single Position:	7.8 x 9 x 3.2 in.
	Double Position:	8.7 x 10.3 x 3.2 in.
	Four Position:	8.7 x 14 x 3.2 in.
Block Dims. (W x D x H):	3 x 3.75 x 2 in.	
Chamber:	Fast Heating, High Grade Aluminum	

Cat. No.	LabMart® Digital Dry Bath	Price

	Petri Dishes or Custom Machining	

## Large Capacity Incubators

- Compact, low-cost and dependable
- Designed for general purpose as well as clinical, industrial, school laboratories or physician's offices
- Has a full PID microprocessor control that maintains accurate temperature
- Settings within 1°C, even in varying ambient conditions
- Has a unique temperature tracking feature that stores maximum process temperature deviation from set point in 0.1°C units
- Cold rolled steel-ivory baked-on enamel exterior
- Interior is aluminum and fiber glass insulated with chrome plated adjustable shelf and fixed bottom shelf
- See-thru tinted acrylic door for viewing all samples
- Beakers, flasks, petri dishes and test tube trays can be processed together
- A lab thermometer is included
- Additional wire shelves with adjustable supports are available
- Each incubator is tested and approved before shipment
- °C or °F readout
- 2 YEAR WARRANTY (on heating element)

### Specifications:

Stability at 35°C:	± 1/2°C
Display Resolution:	1.0° or 0.1°
Temperature Uniformity:	Ambient to 62°C
Weight:	23 to 41 lbs.

M107591	Digital 2.0 ft³	18 x 16 x 12	882.00

## Mini Incubator

- Ideal for microbiology or hematology applications
- Excellent uniformity and temperature stability
- Chamber is corrosion resistant
- Three shelf levels
- Door with large viewing area
- Pilot light indicates heating
- 1 YEAR WARRANTY

### Specifications:

Capacity:	0.375 ft³ (9.2L)
Temperature Range:	Ambient +5° to 60°C
Stability:	± 0.6°C at 37°C (N.I.S.T. Traceable Thermometer)
Uniformity:	0.65°C at 37°C
Controls:	Analog
Exterior Dims. (in.):	11.2 x 11 x 13.2
Interior Dims. (in.):	9 x 7.9 x 7.9
Weight:	18.4 lbs. / 8.3 kg
Electrical:	120V, 50 / 60 Hz, 0.6A

# 36 INCUBATORS

## Incu-Shaker™ Family: Mini & 10L with Magic Clamp™

### Both Models

- Integral microprocessor for constant monitoring of set program and for exceptional temperature uniformity
- Over temp. and over speed controls for long unit life, safety and the integrity of sample
- Digitally regulated uniform temperature with precisely controlled, horizontally circular (orbital) mixing
- Standard platform included, non-slip rubber coated surface
- Accepts (optional) MAGIC Clamp™ platform to customize vessels being mixed
- 2 YEAR WARRANTY

### Specifications:

<b>Temp. Range:</b>	5 to 60°C, increments of 0.1°C
<b>Temp. Uniformity:</b>	±0.25%
<b>Temp. Accuracy:</b>	±0.1%
<b>Shaking Speed:</b>	30 to 300 rpm, increments of 1
<b>Shaking Orbit:</b>	19mm
<b>Timer:</b>	1 min to 48 hours or continuous
<b>Unit Dims.:</b>	
Mini	11 x 15.7 x 10.5 in. / Wgt.: 25 lbs.
10L	20 x 26 x 19 in. / Wgt.: 120 lbs.

**MAGIC Clamp™ Platform** (optional): A convenient, magnetic platform, allows you to instantly change & attach clamps in as little as 1 second! Mix various sized vessels at same time! Saves time & money! So easy - no tools - just place clamps with vessels on the magnetic platform! For use with Erlenmeyer flasks and test tube racks. Platform (PATENT PENDING) requires clamps for your vessels. Clamps sold separately, see below.

### Mini, 11 Inch, Incu-Shaker™

*buy me because .....*  
I am the most compact shaking incubator in its class.

- Small footprint, just 11.5 inches wide
- 11.5 x 9.5 platform
- Accepts several platforms and variety of flasks, Petri dishes or staining trays
- Common Applications: Bacterial Suspensions, Tissue / Cell Culture, Solubility Studies, Diagnostics, Staining / Destaining, Gel Washing, General Incubation case

Cat. No.	Mini	Price
M111212	Incu-Shaker™ with Platform 11.5 x 9.5"	2,495.00
M111213	MAGic Clamp™ Universal Platform	209.00

M111217	For 4 Microplates (Standard or Deepwell)	465.00
M111218	Universal Spring Rack Platform For Uncommon Vessels	445.00

### High Capacity, 10L Incu-Shaker™

*buy me because .....*  
I am designed for heavy work loads and continuous use.

- Capacity of 5 x 2L with a large 18 x 18 platform
- Use for high capacity applications
- Inconsistencies due to stratification are reduced to negligible levels & the selected temperature is precisely maintained within 0.25%, even in corners
- Motor isolation system for reduce noise and vibration
- Optional shelf for Petri dishes, microplates and more

Cat. No.	10L	Price

## Labeling Tape

Shown with dispenser

- Ideal for use in waterbaths, refrigerators, deep freezers, sterilizers or incubators. Tape is oil-proof, water-proof and acid-resistant
- Transfers cleanly from one surface to another no messy residue
- Withstands temperatures ranging from -70 to +250°F
- Use on dry glass, plastic, metal, paper, rubber, etc.
- May use pen, pencil or marker
- Durable, tape won't curl up while in use, multi-purpose
- 26 Colors, 5 widths, on 500 or 2160 inch rolls
- Multi-tape dispensers, (M303095 and M303097), provide easy dispensing and keep all your tape in one location. Unique design allows for easy addition or replacement of rolls.

Colors may be assorted for quantity price.

Add the color number as a suffix to the catalog number when ordering.

1-white, 2-yellow, 3-green, 4-red, 5-orange, 6-blue, 7-pink, 8-tan, 9-salmon, 10-copper, 11-rose, 12-violet, 13-lavender, 14-gray, 15-lime, 16-aqua, 17-chartreuse, 18-gold, 19-silver, 20-magenta, 21-dark red, 22-maroon, 23-dark brown, 24-dark blue, 25-dark green, 26-black

## 38 LAB ACCESSORIES

### Infrared Microsterilizer

#### BactiZapper™

- Instant sterilization of platinum inoculating loops, needles, glass tube/pipette mouths and various metal & borosilicate glass instruments
- Asbestos-free ceramic core element
- Heating element is safely enclosed in a perforated stainless steel guard to protect user from accidental burn
- Extremely compact and convenient
- Used in anaerobic & aerobic chambers

Max. Temp.: 815°C / 1500°F    Chamber Dia. x Lght: 0.55 x 3.94 in.  
Sterilization Time: 5 to 7 Seconds    Dims. (WxDxH): 4 x 6 x 6.5 in.

Cat. No.	Description	Price
M111359	BactiZapper™ Infrared MicroSterilizer	\$309.00

### Universal Round File Lighter

- Ideal for safe ignition of flammable gas and more
- Shielded; spring action
- Lights gas burners with ease
- Replaceable flint sold separately

Cat. No.	Description	Price/Roll
M110912	Universal Round File Lighter	\$84.40/10
M110913	Universal Single Flint Renewal	95.36/40

### Portable Micro Burner

- Heat output of 1300-2000°F
- Die-cast polished zinc metal body for added durability and stability
- Solid State Push Button Ignition
- Adjustable Flame Size
- Meeker style burner head provides a stronger and more consistent flame
- Optional tripod beaker stand available
- Unit Size: 3.5"X5"
- Unit Wgt: 1.3lbs
- Fuel Capacity: 40 gms

Cat. No.	Description	Price
M111994	Portable Micro Burner	\$57.90
M111995	Tripod Stand	17.90
M111996	Butane Fuel Refill Cartridge	56.40/12

### Portable Bunsen Burner

- Large Capacity Fuel Chamber
- One knob gas control
- Manual or continuous flame
- On-Off Safety switch
- No Flaring in inverted position
- Max. Temp: 2800°F
- Tripod beaker stand available
- Unit size: 4" x 7"
- Fuel Capacity: 60 gms
- Max. Temp.: 2800°F

Cat. No.	Description	Price
M111992	Portable Bunsen Burner	\$59.90
M111993	Tripod Stand	19.90
M111996*	Butane Fuel Refill Cartridge	56.40/12

\* Butane Fuel Refill Cartridge ships without extra hazard charges

### Parafilm M™

- Moisture resistant, thermoplastic self-sealing film
- Permeable to gases and protects contents of tubes, flasks, culture tubes and petri dishes
- Adheres to glass
- Ideal for working with culture media
- Turn a beaker into a storage container
- Dispenser available for easy one handed cutting

- Small dispenser holds (1) 4 x 250 ft. roll or (2) 2 x 250 ft. rolls
- Large dispenser holds (3) 2 in. rolls or (1) 2 in. roll & (1) 4 in. roll

Cat. No.	Description	Price/Roll
M366420	2 in. x 250 ft. on 1 in. Core	\$23.04

## Desktop Calculator

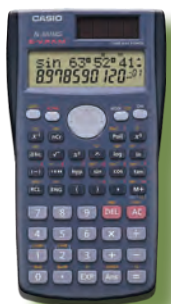

- Classic mini-desktop calculator for home/office/retail - big keys
- Change sign key (+/-) simplifies entry of negative numbers
- Solar and battery powered to work anywhere
- Display: giant SuperView display is angled for easy viewing
- Features: well-spaced keyboard; large, contoured keys for easy operation
- 1 YEAR WARRANTY

Cat. No.	Description	Price
M150240	Desktop	\$38.24

## Scientific Calculator

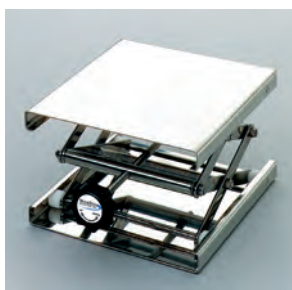

- 2-Line, student scientific calculator, that is solar powered
- 229 Built-in functions, including fractions, statistics, standard deviation, linear regression and polar-rectangular conversions
- One independent memory and six constant memories
- Display: 2-line/10-digit; shows formulas & results simultaneously
- Features: displays example/input as it is written to simplify entry
- Includes: slide-on hard case
- Size is 9L x 6W in. x H 1.5H in; wgt is 0.4lb

Cat. No.	Description	Price
M150430	2-Line	\$44.25

## Stainless Steel Lab Jack

- Constructed of Type 304 stainless steel
- Designed for use in corrosive environments
- Autoclavable, resistant to sanitizing agents
- 2 YEAR WARRANTY

\*Maxi-Lift models (M109075 & M109076) have a maximum height that is approximately 30% higher than traditional lab jacks for special applications

Cat. No.	Deck Size	Max Height	Max Load	Price

M106742 Ratchet Handle for Lab Jacks w/ an 11.8 x 11.8 in. or 15.7 x 15.7 in. deck to facilitate raising & lowering deck \$61.00

## Jar and Bottle Opener

- Opens caps from 4" diameter down to tiny tube caps
- Strong infallible plier grips
- Built-in cap lifter/can piercer
- Grips, opens and pries, twists, pops and flips
- Chrome plate with ABS plastic handles; 9" long

Cat. No.	Price
M129490	\$37.80

## Refridgerator

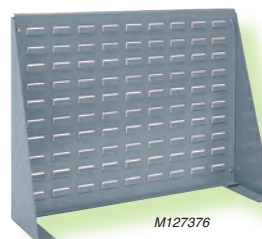

- Energy efficient, quiet operation with the hermetically sealed compressor
- High density thin wall polyurethane door and cabinet insulation; white
- Full range temperature control
- Freezer compartment with ice cube tray
- Magnetic door gasket
- Bottle rack on refrigerator door
- All units 110V & 60 Cycle
- May be shipped by truck
- 1 YEAR WARRANTY

- M463000 Euro-style rounded edge door and sturdy slide-out shelf.
- M463002 Offers attractive laminated top, bottle racks, door shelves and 3 sturdy slide-out shelves.

## 40 LIQUID HANDLING

### Transfer Pipets, Polyethylene

**The LabMart Brand**

- One-step biohazard disposal
- Can be frozen in liquid nitrogen
- Low density PE; non-toxic and inert
- Ideal for use with volumetric flasks, multiple well plates, centrifuge tubes or cryogenic vials, that's a large variety
- Attached bulb to avoid cross-contamination
- Also used in procedures with beakers, dishes, flasks, slides, vials, test tubes or roller bottles

Cat. No.	Description	Cap. (ml)	Length (cm)	Draw (ml)	Sterile	Price/Pk	10+/Pk

## Serological Pipets

- Ideal for cell culture applications
- Manufactured from optically clear polystyrene
- Calibrated "To Deliver" (TD) for accurate dispensing to w/in  $\pm 2\%$
- 1, 2 and 5mL pipets are a one piece construction
- 10, 25, 50 and 100mL are made with a durable ultrasonically welded 3 piece construction
- RNase-free, DNase-free, DNA-free, and Non-pyrogenic
- Bi-directional graduations are printed in bold easy-to-read black ink
- Color coded stripes and packaging enable quick volume identification
- Contain a premium material filter plug
- Supplied sterile (gamma irradiated)
- Individually wrapped pipets available in economical bags or shelf packs that facilitate dispensing through a perforated end panel

## 42 LIQUID HANDLING

### Serological Pipets, Disposable Glass

**buy me because .....** I am individually wrapped and sterile.

- Calibrated "to deliver" with blow-out
- Long slender taper tips are fire-polished for burr-free, even flow rates resulting in faster pipetting
- Easy-open Steri-View™ wrappers have one side paper, one side plastic
- Tear Strip wrap pipets are multi-packed in plastic bags
- Both wrappers have color-coded sizes printed directly on wrapper for easy identification by size
- Negative graduations
- Conforms to ISO Standards
- Plugged ends prevent contamination from over filling
- PYREX®, CORNING®

### Serialized Pipets, Class A

**buy me because .....** I am reusable and volumetric.

- Permanently marked individual serial number on pipet
- Supplied with a Certificate of Graduation Accuracy
- Carefully selected to meet the requirements for accuracy, appearance, glass quality, calibration line, and inscription of former NBS Circular 602
- Meets ASTM specification E969
- Bulb is marked indicating capacity
- Color-coded (ASTM E1273) for ease in sorting and selecting the correct pipet; legend of brown stain
- Calibrated to deliver
- Autoclavable KIMAX®

### Pipetting Ball, The Flip™

**buy me because .....** I have a one-handed design.

- Simple to use with only two operating points
- Rubber ball is easy to use and clean
- The top valve can be removed and reinserted
- Press bulb in for evacuate, press up arrow for intake, press down arrow to drain

### Pasteur Pipets, Disposable

The LabMart Brand

- Adaptable for use as serum pipets, Winthrope tube fillers, etc.
- Free from sharp edges and burrs
- Seat for cotton plugging
- Low price, high quality
- Uniform dimensions

## Portable, Pipet-Aid®

*buy me because .....of my reputation - reliable, durable and safe!.*

- Ideal for field use delivering equal aliquots of sample into various containers
- Great for measuring & dispensing reagents & culture media
- Accepts 1 - 100ml pipets
- Self-locking filter - when challenged with an aqueous solution, the hydrophobic layer prevents liquid from entering the handle & the wetted hydrophilic layer restricts the flow of air, which locks the unit from further use - positive fail safe protection for the electronic components & to prevent cross-contamination
- Can be used while recharging
- Tissue Culture nosepiece - design eliminates the possibility of cross-contamination due to over-pipetting; quick disconnect/assembly
- 1 YEAR WARRANTY

**Included Item:** Ni-MH battery, 4 filters

Cat. No.	Description	Price
M368200-07	Portable Pipet-Aid®	\$317.00
M101482	Ni-MH Battery	19.35
M368200-06	Replacement Filters	29.04
M101483	Rubber Inserts (2)	8.60
M101484	TC Nosepiece Housing	21.50
M437801	Pipet Stand	208.44

## Pipet Controller, accu-jet® Pro

- Speed control!- range dial sets maximum pipetting speed with touch-sensitive, continuously adjustable speed control
- Speed limiter & pressure-sensitive buttons for smooth, intuitive meniscus control for cell culture and chemical applications
- No meniscus "jumping", even with small volume pipettes
- Mode for both powered & gravity dispensing
- Integral check valve and filter protects instrument from aspirated liquids; unique exhaust port vents vapors
- Soft blowout minimizes disturbance of cells
- Ergonomic grip, ambidextrous
- 0.2µm Hydrophobic filter for culture work
- 8 hrs. full speed pipetting (on 4 hrs. charge); 2 hr time left indicator
- 1 YEAR WARRANTY

**Included Items:** Battery, wall holder, 2 sterile filters & charger

Cat. No.	Description	Price
M107501	Magenta	\$399.00

M110423	Wall Support	45.00

## Motorized Pipette Filler

**Levo Plus**

- Lightweight, ergonomic design with comfortable concave triggers
- Fill a 25ml pipette in 5 seconds
- Touch sensitive trigger for fine speed control
- Coarse and fine speed control
- Gravity dispense, with blow-out for TD pipettes
- Autoclavable nose-cone
- LCD Display
- 0.45 µm & 0.2 µm hydrophobic filters
- LCD display shows battery charge & coarse speed setting
- Powerful lithium-ion battery, no 'memory'
- Can be used while charging, no down-time
- 8hr. Continuous use per charge
- 3 YEAR WARRANTY

Cat. No.	Description	Price
M111835	Levo Plus Motorized Pipette Filler	\$300.00

### Replacement Items

Cat. No.	Description	Price
M111836	0.45 µm Hydrophobic Filter	\$4.50
M111837	0.2 µm Sterile Hydrophobic Filter	8.00
M111838	Lithium Battery	33.00
M111839	Silicone Adapter	3.00
M111840	Replacement Nose Cone	14.65

## Manual Pipette Filler

**Levo**

- For use with 1-100ml pipets
- 50ml of liquid can be pipetted from one squeeze of the bulb
- Comfortable design with precise pipetting control
- Autoclavable silicone pipette holder
- Supplied with integral and replaceable 3µm filter
- Available in 5 great colors
- 3 YEAR WARRANTY

Levo is an easy to use serological pipette controller for use with 1-100ml pipettes. Simply attach a pipette into the silicone holder and squeeze the bulb and you are ready to pipette. The thumb lever controls both the aspirate and dispense speed. A press of the central button blows-out any remaining drops in the pipette. An easily replaceable 3µm hydrophobic filter prevents liquids from contaminating the inside of the Levo.

## 44 LIQUID HANDLING

### Bottletop Dispenser

#### Dispensette®

**buy me because .....**Of my improved accuracy, safety and reagent conservation for a broad range of applications.

- Mount directly on most solvent and reagent bottles
- One-handed operation, right down to the bottom
- Digital Easy Calibration™ allows adjustment in seconds (no tools) - great for labs with multiple users
- SafetyPrime™ valve discharge system reduces risk of inadvertent dispensing & splashes

- One-twist cap protects reagent contact, easy to remove
- Rotating valve block to view label
- Calibration flag to alert changes
- Autoclavable; use with sterile reagents
- ISO 9000 & GLP standards
- 1 YEAR WARRANTY

• **MANY ACCESSORIES PLEASE INQUIRE**

**Dispensette® III** Applications: for most acids, bases, saline solutions & polar solvents. Made of high-grade corrosion-resistant materials.

**Dispensette® HF** Applications: for hydrofluoric acid up to 52%. Analog-adjustable, rapid volume adjustments, calibration is simplified with included tool.

**Dispensette® Organic** Applications: for HPLC solvents, combinatorial chemistry solvents, THF, TFA, DMF, DMSO, concentrated fuming acids, organic solvents and peroxides. (no HF). Not listed, please call for pricing.

**Included Items:** Discharge tube, performance certificate, valve mounting/calibration tool, adapters/filling tube & manual

### Bottletop Dispenser

#### Seripettor®

**buy me because .....**I am an economical wiping seal dispenser

- Designed for many of the fluids used in biological labs - buffers, bases, culture media, even sodium azide solutions
- Notched volume selector for exact adjustment
- Spring-driven refill function for semi-auto operation
- Designed for simple disassembly & rapid replacement of parts, extending the unit's life
- Mounts on most reagent bottles with its 45mm thread and 45/33mm and 45/38mm adapters
- 1 YEAR WARRANTY
- Replacement parts available; optional MediaMate™ Kit for sterile dispensing

**Applications:** for weak acids, alkaline solutions, polar solvents, isotonic solutions, acetone, methanol & acetylacetone

**Included Items:** Spare dispensing cartridge, discharge tube, filling tube, polypropylene thread adapters and manual

### Bottletop Dispenser

#### DispensMate Plus

- Quick and precise volume adjustment
- Anti-drip cap prevents accidental discharge
- Chemically resistant to most aggressive liquids and acids
- Easy to clean and maintain, tool supplied
- 4 sizes cover the volume range 0.5 - 50 ml
- Dispensers come with adapters to fit all common lab bottles
- Fully autoclavable
- 3 YEAR WARRANTY

### Bottletop Dispenser, Variable Volume, Accupenser Junior®

**buy me because .....**My contact parts are chemically resistant.

- Volume indicator may be placed on side without altering volume settings
- May add liquid without changing the settings
- Dispense via extension tube without moving the device or bottle
- Rugged and chemical resistant
- Easy to dismantle
- Accuracy: ± 1.0%, Precision: <0.1%
- Includes bottle, fully autoclavable
- Accupenser Junior®

## Repeating Pipette

### HandyStep® S

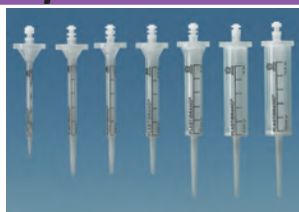

- Comfortable, slim design is lightweight, well-balanced, and provides a convenient control layout for smooth dispensing and one handed volume selection
- Reliable, robust construction, inspired design and innovative polymers deliver a dependable instrument
- Purely mechanical design; no batteries to charge/ replace
- Convenient integrated volume table provides a quick reference for dispensed volumes
- Flexible, ten sizes of PD-Tip syringe tips allow the HandyStep® S to dispense 59 different volumes
- Open design allows use of third party tips
- Tip ejection system allows user to remove tips without handling
- **Includes:** shelf/rack mount, one each 0.1mL, 1mL, 10mL PD-Tip syringe tips, operating manual & performance certificate
- 2 YEAR WARRANTY

Cat. No.	Description	Price
M1000840	HandyStep® S	\$370.74

## Syringe Tips, PD-Tip™

- PD-Tip™ syringe tips are available in both non-sterile and sterile, endotoxin-free varieties
- Syringe tips are compatible with BRAND HandyStep® Electronic, HandyStep® S repeating pipettes, & most standard repeating pipettes

Description	Non-Sterile		Sterile

## Reagent Reservoirs

### Multi-Channel

- Features thicker walls, crush-resistant "turrets" at the corners and improved pour spouts
- 25 mL graduation marks
- Includes tabs that prevent stacked reservoirs from sticking together
- Bottom tapers down into narrow trough to get the last drop of liquid
- Sterile reservoirs are sold in packs of 50, individually sealed in Sani-Tear: gamma-irradiated HDPE bag

## The LabMart ProPette™

The LabMart Brand

NEW!

- SINGLE CHANNEL, HIGH PRECISION, AUTOCLAVABLE
- Continuously adjustable, digital micrometer for volume selection
- Non-mandatory locking wheel (positioned at the top of the handle for simple one-handed activation/deactivation)
- Finely polished stainless piston & chemically resistant, maintenance-free seals for unsurpassed accuracy
- Air-jacketed handle protects the micrometer mechanism from the inaccuracies that can be caused by thermal expansion; thus continued pipetting precision
- Outstanding user comfort, lightweight and balanced
- Ergonomically shaped and contoured to minimize pressure on the thumb
- Actuation forces and spring pressures have been significantly reduced
- 2 YEAR WARRANTY

## Universal Pipette Tips

The LabMart Brand

buy me because .....Low cost!

- High purity polypropylene for the highest translucence
- Precision molded for a great fit
- Clean, hydrophobic surface to minimize fluid retention
- Fit Transferpette®, Eppendorf®, Fispipette®, Pipetman® and more

### Tip-Refill

- Inserts packed in space-saving dispenser carton

### Tip-Box SL

- Lid slides open left or right, forward or back for convenient 8- or 12-channel pipetting
- Unused tips remain covered to reduce risk of contamination; rubber feet prevent slipping
- Fits tip-refill 60 & 96, Autoclavable polycarbonate

### Tip-Box, Polypropylene

- Push-on lid with space saving design
- Refill with 96 tip inserts (60 tips for 1000µl)

## 46 LIQUID HANDLING

### MicroPette Plus™ Variable Pipettors

#### Single Channel

- 8 Volumes models to choose from 0.1 - 5000µl
- Thumb plunger for volume adjustment
- Lightweight, ergonomic design w/ a clear digital display
- Integral tip ejector for access into narrow tubes
- Easy to calibrate & maintain with tool supplied
- Fully autoclavable including tip-cone
- Used with 'universal' pipette tips
- Calibrated ISO/DIS 8655; supplied w/certificate
- 3 YEAR WARRANTY

### Transferpette® Pipettes

#### Single Channel

- Unique hook-shaped handle relieves repetitive stress forces - an ergonomic alternative to the clenched hand/hyper-extended thumb grip of conventional pipettes.
- Can pipette submicro volumes
- Adjustable volume; equipped with Easy Calibration™ technology to simplify ISO/GLP compliance and eliminate the need for inconvenient offsite recalibration
- Corrosion-resistant and autoclavable
- Dedicated controls simplify pipetting
- BRAND nano-cap™ tips recommended for submicro vol.
- 3 YEAR WARRANTY

#### Multi-Channel

- Completely redesigned manifold for reduced operating forces, improved tip fit and easier maintenance
- Excellent for multiwell application, PCR or ELISA
- Remove individual tip cones without special tools or recalibration -- an industry first!
- Easy Calibration™ technology -ISO and GLP compliant
- Compatible with most major brands and types of tips, including new flexible tips and filter tips
- Dedicated controls to simplify operation and limit inadvertent tip ejection and volume adjustment
- 2 YEAR WARRANTY

- Included Items: One tip box filled with BRAND pipette tips, with 2 extra refills, 1 individual stand, autoclavable reagent reservoir, 1 pack of 24 V-rings, quality certificate, operating manual

## Mini Light Box & Mini Magnifiers

### Mini Light Box

- Saves bench space: can be stored in a drawer
- Viewing area (102 x 127 mm), perfect for quick screening of 96-well plates, petri dishes, electrophoresis gels, slides and transparencies
- Powered by electricity or 2 AA batteries (included)
- Measures 161 x 135 x 44 mm

### Mini Magnifier

- Enlarges objects for easier viewing: 1.75x magnification
- Swiveling, molded lens
- Lens measures 185 x 100 mm; stand is 207 mm high

Cat. No.	Description	Price
M110845	Mini Light Box	\$123.46
M110846	Mini Magnifier	94.06

## Light Box

- No glass to break, Plexi-glass top, stainless steel frame; economical
- Stores upright like a book saving bench space
- Comes complete with cool white fluorescent lamps & an 8' cord
- Use for viewing electrophoresis gels, slides, transparencies, & plates

Cat. No.	W x L x H (in)	No. Lamps	Watts	Price
M103311	11 x 18 x 2 <sup>3</sup> / <sub>16</sub>	2	30	\$307.58

## Microslide Folder

- Individually numbered slide slots with thumb grooves on each side
- Index on outside cover; 2 hinged doors
- Constructed of heavy cardboard with a grey finish
- Cap.: 20 - 3 x 1" (75 x 25mm) slides
- Box dim.: 8 x 13<sup>1</sup>/<sub>2</sub> x 11<sup>1</sup>/<sub>32</sub> in.

M110550	Microslide Folder	\$18.00/1	\$630.00/40
---------	-------------------	-----------	-------------

## Student Microscope Kit

- Can be used four ways: by itself; with the viewer screen for small-group work; with the projection device to create a larger image; or with the drawing head to view and trace a projected image on paper
- Three ranges: 300x-600x-1200x
- Requires two "AA" batteries, not included
- Includes prepared slides, slide making materials, forceps, tweezers, scalpel, specimen pin with handle, 30mL beaker, Petri dish, magnifying glass, dropper, specimen vial, two eyepieces, extra bulb, and English-Spanish activity guide

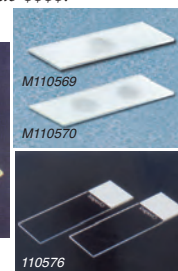

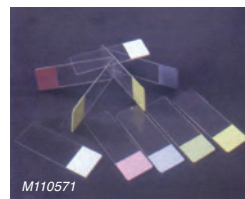

M112771	Student Microscope Kit	\$49.99

## Basic pH Bench Meter

from Hanna

**NEW!**

- Automatic Calibration, a stability indicator makes procedure error-free
- Calibration can be preformed at 1 or 2 points with 5 standard buffers
- Simultaneous display of pH and Temperature
- User friendly, extra Wide LCD (6.5" x 1.5") features prompts & symbols to guide user
- Automatic Temperature Compensation
- M112252 adds measurement for (ISE) and (ORP) in the mV range

**Includes:** pH electrode, temperature probe, electrode holder, pH 4.01, pH 7.01 buffer solution,

sachet electrolyte solution (30 mL), cleaning solution sachet, 12 VDC adapter & instructions. Supplied ready to use with a glass body pH electrode, temp. probe, electrode holder & a startup set of buffer solutions.

Cat. No.	Benchtop Meter	Price
M112251	pH and C°	\$395.00
M112252	pH / C°/ISE/ORP	425.00

## pH/ORP/Temp Bench Meter

- pH Calibration Check™ ensures accurate pH readings
- User customizable interface for 1 channel/ fully customizable
- Large log memory w/ different logging methods
- Multi-language interface/support; small footprint
- Auto data logging: 10 lots, 5000 samples per lot

- Large 240 x 320 Color display USB & RS232 capability, GLP data
- Fully customizable & capable of showing the measurements in various modes: basic measurement with or without GLP information, graph or logging data
- Out of Calibration Range & Cal Due features alert user if measurement is far from the calibration point or when meter is due for recalibration
- Supplied with glass body pH electrode, temp. probe, adapter, pH 4 & 7 buffer solutions, electrode solution, electrode holder

• 2 YEAR WARRANTY **from Hanna**

**M110658 Dual Channel**

- Two independent channels which are galvanically isolated to eliminate noise or instability. Allows user to connect pH and ISE electrodes at same time, eliminating need to switch probes
- ISE Features: (43-4074-02 only) Direct calibration & measurement in multiple units

pH	<b>Range:</b>	-2.000 to 20.000 pH
	<b>Resol.:</b>	0.1 pH; 0.01 pH; 0.001 pH
	<b>Accuracy:</b>	±0.1 pH; ±0.01 pH; ±0.002 pH ±1 LSD
ORP	<b>Range:</b>	±2000 mV
	<b>Resol.:</b>	0.1 mV
	<b>Accuracy:</b>	±0.2 mV ±1 LSD
Temp.	<b>Range:</b>	-20.0 to 120.0°C; -4.0 to 248.0°F; 253.15 to 393.15 K
	<b>Resol.:</b>	0.1°C; 0.1°F; 0.1K
	<b>Accuracy:</b>	±0.2°C; ±0.4°F; ±0.2K (without probe)

**pH Calibration:** automatic, up to five point calibration, 8 standard buffers available & 5 custom

**pH Temp. Compensation:** automatic or manual from -20.0 to 120.0°C/-4.0 to 248.0°F/253 to 393K

<b>Dimensions:</b>	160 x 231 x 94 mm (6.3 x 9.1 x 3.7")	<b>Wgt:</b> 1.2 Kg
Cat. No.	Description	Price
M110657	Single Channel pH Meter Kit	\$1,093.00
M110658	Dual Channel pH/ISE Meter Kit	1,325.00
M365913	Refillable pH Electrode	123.00

Microprocessor based instrument provides pH readings that can be automatically temperatures compensated, as well as a stability indicator and a comprehensive step-by-step calibration procedure. The unit is compatible with a wide range of pH electrodes with BNC connectors.

<b>Range</b>	-2.00 to 16.00 pH	<b>Temperature:</b> -20 to 120.0°C
<b>Resolution</b>	0.01 pH	<b>Temperature:</b> 0.1 °C
<b>Accuracy</b>	±0.01 pH	<b>Temperature:</b> ±0.4 °C
<b>Environment</b>		0 to 50°C; RH max 95%
<b>Dim.</b>	235 x 222 x 109 mm	<b>Weight:</b> 1.3 kg (2.9 lbs.)

## pH/mV/ISE/Temp Bench Meter

- Ideal under harsh industrial conditions
- 5 Point calibration w/ a choice of buffers
- Accurate calibration w/ a backlit LCD
- Auto HOLD to freeze display readings
- PC compatible via USB
- Relative mV measurements

- Calibration Check™ & Electrode Diagnostics alerts user to clean electrode or if outside selected calibration
- "Outside Calibration Range" and "Calibration Time Out" warning
- M111043 & M111044 accepts ISE electrodes, displayed as ppm; Ion change capability & ISE calibration (up to 5 solutions); very useful for large range of concentration solutions measurements
- 11-0015-02 has 2 input channels for simultaneous measurements
- GLP to view last calibration data for pH, Rel mV or ISE **Hanna**

Specifications:	M111042	M111043	M111044
pH	<b>Range:</b>	-2.0 to 20.0; -2.00 to 20.00; -2.000 to 20.000	
	<b>Resol.:</b>	0.1; 0.01; 0.001	
	<b>Accuracy:</b>	±0.01; ±0.002	
mV	<b>Range:</b>	± 2000	
	<b>Resol.:</b>	0.1	
	<b>Accuracy:</b>	±0.2	
Temp.	<b>Range:</b>	-20.0 to 120.0 (C°)	
	<b>Resol.:</b>	0.1 (C°)	
	<b>Accuracy:</b>	±0.2 (C°)	
ISE	<b>Range:</b>	--	1 x 10 <sup>-3</sup> - 1 x 10 <sup>5</sup>   1 x 10 <sup>-7</sup> to 9.99 x 10 <sup>10</sup>
	<b>Resol.:</b>	--	3 digits 0.01; 0.1; 1; 10 concentrate
	<b>Accuracy</b>	--	±0.5% of reading (monovalent ions), ±1% of reading (divalent ions)

**Calibration:** pH: Up to 5 point, 7 standard buffers + 5 custom buffers

ISE: **M111042:** Up to 2 point, 6 solutions (0.1, 1, 10, 100, 1000, 10000 ppm)

**M111042:** Up to 5 point, 6 solutions (in units selected)

**Log-on-Demand:** **M111042:** 200 samples **M111043:** 300 samples **M111044:** : 400 samples

**Dim:** 235 x 207 x 110 mm (9.2 x 8.14 x 4.33") / 4.1 lb.

Cat. No.	Description	Price
M111042	One Input Channel (no ISE)	\$675.00
M111043	One Input Channel	815.00
M111044	Two Input Channel	890.00

### what is Calibration Check™ from Hanna??

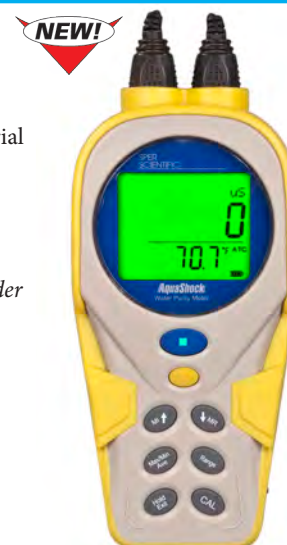

Proper calibration of the pH meter and pH electrode system is critical to achieve reliable results. HANNA's exclusive Calibration Check™ System help users reach that goal by:

- 1) Compares new calibration to previous one. If significant difference, message alerts user to either clean electrode, check buffer or both.
- 2) The condition of electrode is shown on the display to track aging. Message alert when a.) measurements are taken too far from calibration points or calibration has expired; (avoids readings with old calibrations)

## Water Purity Kit, AquaShock®

- Shockproof, IP67 Waterproof, protective soft-grip outer layer, floats and virtually unbreakable
- Large LED backlit display
- Rechargeable Lithium-Ion battery
- Determine water purity in applications: coolers, waste water, environmental testing, aquariums & industrial quality control
- Measures conductivity in mS or uS, TDS (Total Dissolved Solids) in ppm or ppt, and temperature
- Recalls last calibration points

AquaShock® meters have been designed and tested to ensure accurate, reliable water quality measurement under any conditions. AquaShock® meters are very intuitive and include all the functions you will likely ever need, including: review of 99 memories (min/max/ave) directly on the meter's display, internal clock and calendar, temperature in °C or °F, auto-ranging, automatic and manual temperature compensation, and hold. Includes AquaShock® Pure Water Meter; ATC conductivity/TDS probe; AC adaptor; manual; warranty card; probe input covers; protective, foam-lined, hard-shell carrying case. AquaShock® is virtually unbreakable, eliminating the inconvenience of frequent instrument repair or replacement for at least 5 years of interrupted, accurate, reliable use.

### M112233

	mg/L (ppm)	% Saturation	Temp.
<b>Range:</b>	0.00 ~ 19.99 mg/L	0.0 ~ 199.9%	32.0 ~ 122.0°F 0.0 ~ 50.0°C

## Portable pH Meter, Extended Range

### Specifications:

<b>Range:</b>	<b>pH:</b> 0.00 to 14.00 pH
	<b>ORP:</b> ±1999 mV
	<b>°C:</b> 0.0 to 100.0°C
<b>Resolution:</b>	<b>pH:</b> 0.01 pH
	<b>ORP:</b> 1 mV
	<b>°C:</b> 0.1°C
<b>Accuracy (@20°):</b>	<b>pH:</b> ±0.01 pH
	<b>ORP:</b> ±1 mV
	<b>°C:</b> ±0.4°C (excluding probe error)
<b>pH Calibration:</b>	Manual 2 point, through trimmers, (offset ±1 pH; Slope 85 to 105%)
<b>Temp. Comp.:</b>	Automatic, 0 to 70°C (32° to 158°F)
<b>Environment:</b>	0° to 50°F (32° to 122°C); RH max 100%
<b>Dims./Wgt.:</b>	145 x 80 x 36 mm (5.7 x 3.1 x 1.4 in.) / 230 g (8.1 oz.)

- This instrument is ideal for applications that require a custom calibration point
- Handheld pH/mV/°C meter designed to be reliable and easy-to-use
- Manual 1 or 2 point calibration
- Automatic temp. compensation
- Low battery indicator

Supplied with pH electrode and temperature probe, pH 4.01 buffer solution sachet, pH 7.01 buffer solution sachet, electrode cleaning solution sachets (2), calibration screwdriver, battery, protective case and instructions.

Cat. No.	Description	Price
M112245	Portable pH Meter, Extended Range	\$239.00

# 50 pH

## pH PenTESTER, pHep® 4 & 5®

- Dual display shows pH & Temp. in °C or °F
- 1 or 2 point calibration with auto recognition of both standard and NIST buffer sets
- Stability indicator / hold feature prompts user when to take reading; display freezes for easy/accurate recording
- Stainless steel probe for fast, precise temperature measurement
- Replaceable pH electrode with an extendable junction
- Automatic temperature compensation
- Battery level check for proper measurements
- Waterproof casing floats
- WARRANTY: 1 YR on tester, 6 MONTH on Electrode
- Dims./Wgt.: 163 x 40 x 26 mm / 100g

Supplied complete with protective cap, electrode removal tool, batteries (300 hrs) and instructions.

Specifications:	M104426	M104427
Range:	pH -2.0 to 16.0	-2.0 to 16.0
Temp.	-5.0° to 60°C / 23° to 140°F	
Resol.:	pH 0.1	0.01
Temp.	0.1°C / 0.1°F	0.1°C / 0.1°F
Accuracy	pH ±0.1	±0.05
Temp.	±0.5°C (±1°F)	
Environment:	-5 to 50°C (23 to 122°F); RH max 100%	

Cat. No.		Price
M104426	pHep® 4	\$85.00
M104427	pHep® 5	97.00
M104428	Replacement Electrode	47.00

## Large Display pH Pens®

- Highly stable and accurate readings with a large LCD display
- Designed for simple one-hand operation
- Automatically calibrates to pH 4, 7, 10 buffers and can be adjusted to recognize non-standard buffers as well
- Features hold function, and auto power off with low battery indicator
- M112241 & M112242 feature wider pH range, ATC & display temp. in °C or °F
- M112242 has higher resolution and accuracy
- IP65 waterproof case and will float if accidentally dropped into the water
- Comes with 4 button-cell batteries and a built-in electrode kept moist with a protective cap

Specifications:	M112241	M112242	M112243
Range:	2 ~ 12	0 ~ 14	0 ~ 14
Resolution:	0.1	0.1	0.01
Accuracy:	±0.3 pH	±0.2 pH	±0.05 pH
Dimensions:	6 1/2 x 1 1/2 x 1 1/2 in.		
Weight:	2 1/2 oz.		

Cat. No.	Description	Price
M112241	Large Display pH Pen	\$37.00
M112242	Large Display ATC pH Pen	45.00
M112243	Large Display ATC 0.01 pH Pen	83.00

## Soaker Bottles

The LabMart Brand

- Prolongs electrode life
- Protects against breakage
- Your electrode is protected against damage while bulb is kept wet and ready for immediate use
- Use with a 9 or 12mm dia. electrode

Cat. No.	Description	Price
M127750-01	Soaker Bottles, 9 mm	\$18.54/2
M127750-02	Soaker Bottles, 12 mm	18.54/2

800-684-1234

## pH/EC/TDS/Temp Combo Tester

- Automatic pH calibration and ATC
- EC/TDS conversion factor and temp. coefficient factor are user adjustable
- EC/TDS have auto calibration at one point; pH can be calibrated at 1 or 2 pts.
- Rugged, floating waterproof casing

Stability indicator and hold feature prompt user to take reading & freeze display. Has a replaceable pH electrode cartridge with an extendable cloth junction, an EC/TDS graphite electrode, and a stainless steel temp. probe. Supplied complete with electrode and batteries.

Specifications:	Range	Resolution
Low Range TDS:	0 to 2000 ppm	1 ppm
Low Range EC:	0 to 3999 Ms/cm	1 µS/cm
High Range TDS:	0.00 to 10.00 ppt	0.01 ppt
High Range EC:	0.00 to 20.00 mS/cm	0.01 mS/cm
pH:	0.00 to 14.00 pH	0.01
Temp.:	0.0 to 60.0°C	0.1°C
EC/TDS Factor:	Adjustable from 0.45 to 1.00	
Environment:	0 to 50°C (32° to 122°F); R.H. 100%	
Dims.:	6.4 x 1.6 x 1.0 in.	

Cat. No.	Description	Price
M106576	High Range	\$153.00
M106577	Low Range	153.00

fax 800-561-3002

## pH Fix Indicator Sticks

- Easy, quick read
- Dyes guarantee sharp pH differentiation
- Dye will not contaminate sample
- Measures in weakly buffered or strongly alkaline solutions
- Chemically bound to a cellulose fiber to prevent bleeding
- Simple application, 4 different indicator regions per test strip

Cat. No.	Range	Graduation	Price/Pk
M365580PH-FIX	0.0 - 14	1.0	\$20.36/100
M365580-01	0.0 - 6.0	0.5	17.69/100
M365580-02	4.5 - 10	0.5	17.69/100
M365580-03	7.0 - 14	0.5	17.69/100
M365580-04	0.3 - 2.3	0.3/0.4	17.69/100
M365580-05	1.7 - 3.8	0.3	17.69/100
M365580-06	3.6 - 6.1	0.3/0.5	17.69/100
M365580-07	5.1 - 7.2	0.3	17.69/100
M365580-08	6.0 - 7.7	0.3/0.4	17.69/100
M365580-09	7.5 - 9.5	0.2/0.4	17.69/100
M365580-10	7.9 - 9.8	0.2/0.4	17.69/100

## Color pHast® pH Strips

- Easily obtains an accurate measurement of weakly buffered or dark turbid solutions
- Will not contaminate or add impurities to solutions
- Individual units are sold at 100 strips/pack, 6 packs/case
- ColorpHast® Store contains:  
13 packs, covering the entire pH range of 0 - 14pH  
One pack of 0-2.5, 2.6-4.5, 4.0-7.0, 6.5-10.0, 11.0-13.0 ranges.  
Two packs of 0-6.0, 5.0-10.0, 7.5-14.0, 0-14.0 ranges.

Cat. No.	pH Range	Sensitivity	pH Units	Price/Cs
<b>Universal Range:</b> 4 Squares of Different Indicators on Each Strip				
M400010	Universal	0 - 14.0	0.5	\$104.87/6
<b>Intermediate:</b> 3 Squares of Different Indicators on Each Strip				
M400030	Intermediate	0.0 - 6.0	0.3 - 0.5	\$175.66/6
M400040	Intermediate	5.0 - 10.0	0.3 - 0.5	175.66/6
<b>Narrow:</b> 2 Squares of Different Indicators on Each Strip				
M400070	Narrow	2.5 - 4.5	0.2 - 0.3	\$101.94/6
M400080	Narrow	4.0 - 7.0	0.2 - 0.3	110.88/6
M400090	Narrow	6.5 - 10.0	0.2 - 0.3	104.88/6
M400100	Narrow	11.0 - 13.0	0.2 - 0.3	183.99/6
M400110	ColorpHast® Store (13 Packs)			\$165.13/1

## The LabMart® pH Ref. Buffers

- Meets N.I.S.T. standards
- Accuracy  $\pm 0.01$  at 25°C
- Standardized against certified pH solution
- Shelf life of 2 years for 4.00 & 7.00; 18 months for 10.00
- 500ml Polybottles
- M106499 has one each of 4, 7 and 10

Cat. No.	pH	Color	Price/Ea	Price/Cs
M143561	4.00	Red	\$12.77	\$67.08/6
M143562	7.00	Yellow	12.77	67.08/6

## Economical pH/mV Meter

- Displays the parameter being measured along with time, date & temp. (in °C or °F)
- Automatic or manual temp. compensation, ranging and buffer recognition
- Digital and analog outputs
- Min/Max and 99 data points w/ data hold
- Five calibration points with electrode status indication

- Rugged housing with large LCD
- Operates on AC voltage (no batteries)
- Accepts any pH or ORP probe with standard BNC connector
- RoHS compliant, CE
- 5 YEAR WARRANTY

### Specifications:

pH	Range:	0 to 14
	Resolution:	0.01
	Accuracy:	± 0.02
Temp	Range:	23° to 176°F (-5° to 80°C)
	Resolution:	0.1
	Accuracy:	± 0.9°F (±0.5°C)
mV/ORP	Range:	-199.9 to 199.9
	Resolution:	0.1 mV; -199.9 to 199.9 otherwise ±1mV
	Accuracy:	0.2 mV; -199.9 to 199.9 otherwise ±2mV
Dims.:	8 1/2 x 6 1/2 x 2 1/4 in. (217 x 168 x 58 mm); Wgt: 18 oz. (533g)	

Cat. No.	Description	Price
M111045	pH / mV Meter	\$362.00

## Colorimeters, Checker<sup>HC</sup>

**buy us because .....** We bridge the gap between simple chemical test kits (which are not very accurate & only give 5 to 10 points resolution) & professional instrumentation (which cost hundreds of dollars & are time consuming to calibrate / maintain.)

### single button operation

- zero unit
- add reagent
- place vial in unit
- press button & read results

- Dedicated to a single parameter with large, easy-to-read digits
- Contoured style fits in the palm of your hand or safely in pocket
- Rapid results, easy to use & more accurate than chemical test kits
- Works with HANNA's powder reagents & 10 mL glass cuvettes; includes 6 powder reagents & 2 cuvettes (accessories available)
- Environment:** 0 to 50°C (32 to 122°F); RH max 95% non-condensing
- Battery:** (1) 1.5V AAA included / auto shutoff @ 2 min.
- Dim.:** 3.2 x 2.4 x 1.5" in., 2.25 oz.

### Phosphate

- Ideal for natural, waste and drinking waters
- Uses an adaptation of Standard Method 4500-P E
- Range:** 0.00 to 2.50 ppm (mg/L) **Resol.:** 0.01 ppm (mg/L)
- Accuracy:** ±0.04 ppm (mg/L) ±4% of reading @ 25°C

### Chlorine

- Ideal for pools / spas, fruit and vegetable sanitation, disinfection, drinking water and quality control checks
- Avoid serious health and safety risks
- Uses EPA approved DPD method Standard Method 4500-Cl G
- Range:** Free 0.00 to 2.50 ppm (mg/L)  
Total 0.00 to 3.50 ppm (mg/L)
- Resol.:** 0.01 ppm (mg/L)
- Accuracy:** 3% of reading ±0.03 ppm (mg/L) @ 25°

For more parameters such as Iodine, Iron, etc. please call 1-800-684-1234 or visit us at [www.labmart.com](http://www.labmart.com)

M111048	Phosphate Colorimeter	\$49.98
M111049	Free Chlorine Colorimeter	49.98
M111050	Total Chlorine Colorimeter	49.98

## Electrodes with BNC Connectors

- Bulb-type have 95% response in 1 second
- For US Standard Connectors, please call
- Shipped in solution for guaranteed long term storage

### Economy Epoxy Body

**Application:** Gen. Purpose, lab field work  
**Reference:** Sealed, single junction  
**M102292** 9D x 90L mm \$63.61

**Application:** Gen. Purpose, lab field work  
**Reference:** Sealed, single junction  
**M102499** 9D x 120L mm \$58.97

### Glass Body pH

**Application:** General Purpose, Lab test tube or small volume; micro  
**Reference:** Sealed, single junction  
**M109002** 6D x 150L mm \$163.25

**Application:** General Purpose, Lab use  
**Reference:** Sealed, single junction  
**M109001** 12D x 150L mm \$77.32

**Application:** General Purpose, Lab use  
**Reference:** Refillable, single junction  
**M104526** 12D x 150L mm \$88.08

- Low cost replacements
- Guaranteed Quality
- pH range: 0-14; Temp. range: 0-100°C
- 1 YEAR WARRANTY

### Epoxy Body pH

**Application:** Small volume samples or test tubes  
**Reference:** Sealed, single junction  
**M109003** 6D x 150L mm \$118.85

**Application:** General Purpose, lab or field work  
**Reference:** Sealed, single junction  
**M109000** 12D x 150L mm \$77.25

**Application:** Large flasks, beakers or reactors  
**Reference:** Sealed, single junction  
**M109004** 9.5D x 300L mm \$75.00

**Application:** Food, soil, viscous samples such as agar, gelatin, flat surface  
**Reference:** Sealed, double junction  
**M109005** 6D x 150L mm \$226.59

**Application:** Meats, poultry, cheeses  
**Reference:** Sealed, double junction  
**M102963** 6D x 150L mm \$133.29

### ORP

**Application:** General Purpose, lab or field  
**Electrode:** Epoxy, platinum tip  
**Reference:** Sealed, single junction  
**M109006** 12D x 150L mm \$104.87

### 3-in-1 pH/Temp. Epoxy Bulb

**Application:** For ORION EA/SA Series  
**Electrode:** BNC for pH, Banana plug x2 for temperature  
**Reference:** Sealed, single junction  
**M109008** 12D x 150L mm \$133.56

**Application:** For ORION A Series and HACH EC Series meters  
**Electrode:** BNC for pH, 8-pin DIN for temperature  
**Reference:** Sealed, single junction  
**M109007** 12D x 150L mm \$160.55

**Application:** For Corning meters  
**Electrode:** BNC for pH & phono plug for temperature  
**Reference:** Sealed, single junction  
**M101061** 12D x 150L mm \$153.74

**Application:** For Fisher/Accumet meters  
**Electrode:** BNC for pH and sub mini phone plug  
**Reference:** Sealed, double junction  
**M104524** 12D x 150L mm \$157.24

**Application:** For JENCO meters  
**Electrode:** BNC for pH and sub mini phone plug  
**Reference:** Sealed, double junction  
**M104525** 12D x 150L mm \$262.00

## Graduated Pitchers

- Molded in nominal graduations in ounces and milliliters
- Rectangular handle for easy carrying and pouring
- Extra heavy wall; not for use on a hot plate
- HDPE beakers are safe for handling acids, alkalies and other dangerous solutions
- PMP beakers are transparent, autoclavable and can withstand continuous use at 150°C
- NALGENE®

## Low Form Griffin Beakers

- Superior chemical resistance
- Printed graduations
- Ribs for easy stacking
- Autoclavable, polypropylene
- Meets ISO/DIS 7056 accuracy standard
- NALGENE®

Cat. No.	Cap. (ml)	Price/Pk	Price/Cs
M123900	30	\$57.88/12	\$149.36/48

## Polystyrene Beakers

- Disposable
- For general use
- Excellent chemical resistance
- Withstands temperatures up to 200°F
- 150 - 1000ml have dual graduations (ml/oz)
- Sizes 5 - 50 ml are great for use with atomic absorption, flame photometers and cell counters

Cat. No.	Cap. (ml)	Price/Pk
M125005	5	\$68.13/1000

M125100	1000	117.78/ 100

## Polycarbonate Storage Bottle

- Radiation sterilized & rated to withstand 3 autoclave cycles (bottles)
- Store common lab solutions such as tissue culture media, serum and buffers
- Highly transparent, shatter-proof and have good alcohol resistance

- Slopped-side design that improves stability on the work surface
- Comes with SECUREgrasp™ PP caps that allow for easy uncapping, tightening, stacking and labeling

Cat. No.	Volume	Price/Cs
M111030	250 ml	\$137.00/24
M111031	500 ml	176.00/24
M111032	1000 ml	235.00/24

## Tri-Pour Beakers

- Graduated easy-to-read markings are accurate to ±5%
- 3 Drip-less pouring spouts
- Withstands temp. up to 250°F (121°C)
- Polypropylene beakers are unaffected by most commonly used acids, alkalies and solvents, disposable
- Polycoated caps with lift tabs available

## Tall Form Pitchers

- Ideal for general lab use
- Metric graduations are molded and printed on outside
- Large comfortable handles
- Pour spout for use with wet or dry material
- Shatterproof/chemical resistant

### TPX

- Crystal-clear to view contents
- Heat resistant up to 177°C (350°F)

### Polypropylene

- Hand grip at base for greater control, molded handle
- Printed graduations
- Steam autoclavable

### Safety Labeled Wash Bottles

- Wide mouth bottles are color-coded and leakproof
- Instant recognition, informative labeling
- 53 mm wide polypropylene closure w/ a leakproof design
- LDPE bottles are for dispensing use only, not for storage

#### Scienceware®

- Easy to read, LDPE solvent resistant printed bottles include: Depart. of Transportation (DOT), National Fire Protection Association (NFPA) codes and symbols, Chemical Abstract Service (CAS) numbers, protective equipment symbols and target organ information making your workplace a safer environment.

M104947	1000	63	135.45/24

## Sterilizing & Cleaning Trays

- Seamless polypropylene
- Lightweight, corrosion proof
- Tapered edges for nesting
- Autoclavable at 121°C
- Lids sold separately

Cat. No.	L x W x D (in.)	Price
M461040	12 x 7 3/4 x 5 1/8	\$21.22
M461041	19 x 10 1/2 x 5 1/8	31.05
M461042	20 1/4 x 15 1/2 x 5	42.90
M461043	15 1/4 x 12 x 7 7/8	31.68

## Laboratory Trays

- Non-corrosive, molded in polypropylene
- Multipurpose tray can be used for sterilizing or drying glassware, porcelainware or other lab instruments
- Tapered walls
- Steam autoclavable

Cat. No.	Dimensions	Price
M107636	17 3/4 x 13 3/4 x 3	\$39.86
M109476	14 3/4 x 11 3/4 x 3	31.97

## Squat Form Cylinders, Azlon

- Squat design for increased stability on the bench & ease of handling
- Self-draining base eliminates water collection during washing - thereby removing all spill re-wetting and contamination issues
- Highly visible molded blue over printed graduations
- High clarity polypropylene construction: safe, unbreakable w/ good chemical and temp. resistance
- Anti-suction base allows user to work on wet surfaces
- Good for mixing and a space saver

*buy me because ....  
I have a lower form that  
requires less overhead space.  
I am ideal for fume hoods*

Cat. No.	Cap. (ml)	Grad. (ml)	Tol. (±ml)	Hgt. (mm)	Price/Cs

M110695	1000	20.0	20.0	282	28.48/1

## 'Class A' Graduated Cylinder

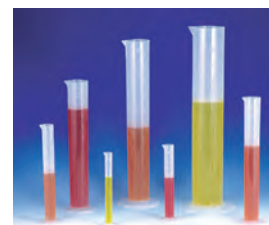

- Twice the accuracy of other plastic cylinders with the accuracy of glass
- Meets ISO 6706 and ASTM E1272 Class A requirements
- Molded of clear TPX (polymethylpentene)
- Large easy to read graduations
- Autoclavable (may effect accuracy)
- Resistant to alcohols, bases & acids

Cat. No.	Cap. / Grad(ml)	± Tol. (ml)	Price/Ea	Price/Cs

## PP Single Scale Graduated Cylinders

- Single scale with raised numerals for easy reading
- Flared top rims and large spouts facilitate pouring
- Hexagon-shaped bases provide stability
- PP surface eliminates concave meniscus and makes reading easier and more accurate
- Chemically resistant and autoclavable at 121°C
- Scienceware®

# 56 PLASTICWARE

## Weighing Bottles, PP

*buy me because .....I am economical, compare me to glass.*

- Reduces the tare weight correction
- Airtight push on lids included
- Highly resistant to acid attack
- No internal shoulders eliminates use of spatulas
- Tops can be squeezed to assist pouring
- Light weight, reusable and translucent
- Autoclavable (remove lid)

Cat. No.	Cap.	O.D.	Height	Price/Pk

M110717	360	70	118	125.37/10

## Dispensing Jugs & Shelf

### Jugs

- Sturdy HDPE w/ rounded corners, strong handles & a bottom grip for pouring
- Allow convenient storage of large volumes of liquid for dispensing
- Jugs lay on their side with spigots that overhang the edge of a table or rack
- Air vents w/ snap closure prevent clogging

### Shelf

- Rugged, corrosion-resistant
- Five shelves accommodates four 5 gallon jugs or eight 2.5 gallon jugs
- Bottom shelf may store spare jug or equipment

### Jug Specifications:

Capacity	L x W x H (in.)	Fill Opening
2.5 gallon	15 1/2 x 6 1/2 x 9 1/4	38 mm
5 gallon	19 x 10 x 9 3/4	83 mm

LDPE spigot 1/4 turn type, extends 2 3/4 in. from the cap, and has a 1 1/4 in. long outlet tube with a diameter of 5/8 in.

### Rack Specifications:

Capacity:	40 lbs. Per Shelf
Dimensions:	15 1/2 x 14 in. Floor Space
	5 shelf unit is 48 in. high, 4 shelf unit is 37 in. high, 3 shelf unit is 26 in. high.

Cat. No.	Description	Price/Ea	Price/Cs
M302520-01	5 Shelf Rack	\$264.53	
M108964	4 Shelf Rack	231.68	
M108965	3 Shelf Rack	174.92	
M108963	2.5 Gallon Jug	34.20	\$351.77/12
M302520-00	5 Gallon Jug	93.80	321.60/ 4

## Heavy Duty Shelf

- Ideal for dispensing kegs, large sized supplies or any item that needs organization
- Tough & super strong 4-shelfed unit
- Reinforced raised shelf edges capture any spills
- Won't rust, dent, peel or chip
- Each shelf is slotted at the end for hanging tools or other items
- Over 14" clearance between shelves
- Quick and easy assembly
- Charcoal HDPE

Cat. No.	Description	(H x W x D)	Price
M100741	Huskee Structo-Shelf	55 x 40 x 18 in.	\$519.20/1

## Screw Cap Specimen Containers

- Versatile, PP with PE caps can be used for almost any liquid or solid specimen
- 4 oz capacity
- "Full Turn" screw thread cap
- Guaranteed "leak proof" seal
- Meets NCCLS Specimen Handling Guidelines for primary containers
- Integrity seal to indicate sterility
- Graduated in U.S. and Metric scales

Cat. No.	Description	Price/Cs
<b>Non-Sterile, White Cap</b>		
M136336	Bulk	\$147.98/500
<b>Sterile, Green Cap with an Integrity Seal</b>		
M136337	Bulk	\$65.54/100
M136335	Individually Wrapped	114.13/100

## Leaklite® Specimen Containers

- Leak proof, polypropylene
- Freezable, stackable, and graduated
- Suitable for transportation (even pneumatic tube systems)
- Cap cannot be opened without breaking security label

Cat. No.	Cap. (ml)	Description	Sterile	Price/Pk
M101458	120	With Label	No	\$195.04/ 300

M101467	20	No Label, Cap Not Affixed	No	300.00/1000

## Disposable Specimen Containers

- Low cost
- PP, durable, translucent and unbreakable
- Resists acids, bases, most organic solvents and common lab reagents
- Dual graduations in increments of 20 ml and 1 oz
- Non-sterile for general use
- Please order snap cap lids separately
- Note: Not guaranteed leak proof

Cat. No.	Description	Price/Cs
M136004	4 1/2 oz., Without Lid	\$86.13/500
M136008	8 oz., Without Lid	99.10/500

800-684-1234

fax 800-561-3002

## Frosted Screw Cap Specimen Cups

- Great for any type of sample
- Available in sterile or non-sterile, with or without caps
- Graduated in cc, ml and oz
- Capacity of 4 1/2 oz
- Screw cap provides odor proof closure
- Frosted area on cap and cup for labeling

Description	Cat. No.	Price/Pk	Cat. No.	Price/Cs

## FDA Approved Screw Top Pail

- Ideal for storing bulk goods, chemicals, samples or foods
- Made from HDPE, will not crush
- Locks with a few taps of a hammer
- Locks and re-locks without fail
- Use for dry or liquid materials
- Seals out moisture and contamination
- Meets EPA or FDA regulations
- DOT35 approved & child resistant

Cat. No.	Cap. (gal.)	I.D. Top (in.)	I.D. Bottom (in.)	Ht. Pail Only (in.)	Price/Cs

## Sample Collection System Sterile

- Kit includes white scoop (2 oz.) and twirl-type sterile bag
- Large label area for sample identification
- Seals tightly
- Individually sterilized in a PP bag

Cat. No.	Description	Price/Cs
M102293	Scoop and Bag	\$110.59/50

## Scoop Spatula

- 6 1/2" stainless steel blade
- One pointed end and one blunt end
- Curved shape allows for total transfer of materials

Cat. No.	Description	Price/Cs
M107668	Scoop Spatula	\$12.30/4

## Sample Processing Centrifuge Bottles

- Process samples for cell suspensions, cell lysates, tissue homogenates & organ homogenates
- Feature thick walls that hold up to reuse
- Choice of screw cap for low speeds or leakproof sealing cap for high speeds; sealing cap offers built-in grips on caps
- Choice of autoclavable, crystal clear polycarbonate or chemical resistant opaque polypropylene
- High visibility graduations and a frosted area for labeling
- Wide mouth for easy filling / pouring; non sterile

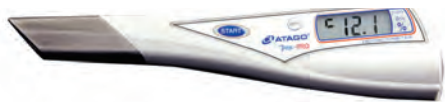

Cat. No.	Size x RCF	Dim. (in)	Type	Price/Cs

## 58 REFRACTOMETERS

### "PEN" Refractometer, PEN-PRO

*buy me because .....*

*of my continuous measurement feature - takes measurements every second.*

#### Specifications

**Brix:** Range: 0 - 85% **Resol.:** 0.1% **Accuracy:** ±0.2%  
**Sample Temp.:** 10 - 100°C ATC  
**Power:** 1 AAA battery  
**Dims. (WxDxH):** 16 x 3.8 x 1.8 cm / **Wgt:** 70g (main unit)

- Measure hot samples while cooking, such as soups and sauces
- Non-homogenous samples, stir sample while taking measurement
- Extremely water resistant: PEN / IP65, Prism head / IP67
- External Light Interference (ELI) - warns of direct light which can alter your reading, (Patent Pending)
- Automatic Temp. Compensation (ATC) Calibrate with water
- Measures 2 ways - 1) dip tip into the sample / press START key. 2) press START key and touch the tip into the sample
- Measurement in 2 seconds, one handed operation
- Easy to clean, digital LCD, includes case, patent pending

M111012

Pen Pro

\$584.50

### Brix Refractometers

#### Atago "Master" Series

*buy us because .....we are easy to read & hold for smooth sampling.*

**Low Range Units:** 0.0 - 33.0%

**Measure:** Sugar content of fruits, juices and drinks.

**Calibrate:** with M110629 or M110630

**Mid Range:** 28.0 - 62.0%

**Measure:** spreads, variety of sauces, soy sauce, low-sugar jams seasonings in liquid form,

**Calibrate:** with M110630 or M110631

- Allows for easy disposal of sample from the edge
- Well balances structure with a streamline body
- Improved hygiene aspect with textured grip
- E.L.I. warning (External Light Interference) is displayed when intense direct light is detected, allows you to shade sample for accurate reading
- ATC function (Auto Temp. Compensation) (not on all units) allows readings regardless of the ambient temperature
- ASD function (Auto Sample Distribution) - sample covers prism without having to lift day-light plate (all units)
- Choose a unit that is equipped with both ATC and IP65 at same time or a conventional ATC only or manual ATC
- IP65 rated (except eye piece)
- All models include protective storage case & batteries
- 1 YEAR WARRANTY

#### Optional Accessories:

- Daylight plate for small volume sampling
- Sucrose solution

#### Specifications

**ATC:** **Accuracy:** ±0.2% **Resol.:** ±0.1% **Repeat.:** ±0.01%  
**Sample Size:** 2 - 3 Drops  
**Min. Scale:** 0.2%  
**Dims. (WxDxH):** 3.3 x 3.3 x 20.4 cm / **Wgt:** 160g

### Economical Refractometers

#### The Lab Mart®

*The LabMart® brand refractometers are commonly used in the beverage industry to measure sugar concentration in samples. They are routinely used by processors and quality control managers to monitor the concentration of dissolved sugar solids in food products such as fruit juices, soft drinks, wine, beer, and or other liquid samples.*

*buy us because ....we are easy on your budget.*

- Auto. Temp. Compensation (ATC) eliminates need for manual zeroing to compensate for ambient temperature fluctuations
- Zero calibration is achieved with a simple screw adjustment when reading a distilled water sample
- Large glass prism and translucent blue background produce simple, repeatable measurements
- Sharp, easy-to-read scale and fine graduations
- Replaceable Daylight plates are hinged with metal pins
- All-metal body to ensure long life
- 1 YEAR WARRANTY

#### Specifications

**Range:** 50-86°F (10-30°C)

## Large Scoop

- Rectangular shape molded of rigid PP
- Excellent for scooping ice cubes
- Holds approximately 2 liters (1/2 gallon)
- Rounded corners for easy cleaning
- Looped handle (4.5") for hanging

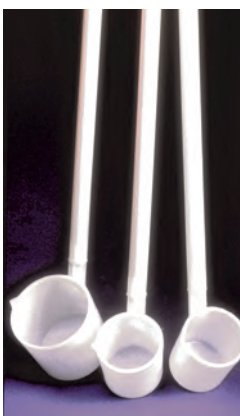

Cat. No.	Description	Bowl (in.)	Price/Pk
M109399	2 L	5 1/2 x 9 x 3 1/2	\$110.80/6

## Long Handled Dippers

- HDPE dippers for sampling from large vats or deep tanks
- Will not corrode or contaminate
- Telescopic handle (12 ft x 1 1/2 in. dia.) is attached to the bowl at a 45° angle
- Hole in handle to hang/store

Scienceware®

## Sterile V Shaped Spatula

- Sharp V-shape for puncturing bag and direct sampling
- Sturdy edge to break up hardened material; ideal for powdered or granulated material
- Spatula length of 152 mm, 19 mm wide and a depth of 13 mm
- Overall length of 229 mm
- Polystyrene, individually packed in PE bag; sterilized
- Volume level full is 36 ml
- Sterileware®

Description	Cat. No.	Price/Cs
V- Shaped Spatula	M398200	\$127.43/100

## Detectable Scoops

- FDA grade PS suitable for food processing and pharmaceuticals
- Long handled 2 & 4 oz. size increases distance between you and the sample to reduce potential contamination
- Sizes 2 & 4 oz. remain upright when empty or full; may also use as weigh boat
- Great for sampling from wide-mouth containers
- Design ensures that all fragments are detectable
- Black color provides contrasting background for visibility
- Sterilized, individually wrapped, one time use; Sterileware®

Sense-able™

**buy me because .....**  
I can be detected by standard metal detection and x-ray equipment, preventing potential production contamination, quarantine and recalls.

## Micro Spoon & Spatula Set

- Includes 6 different small size double-ended tools and tweezers
- 2 Small spoons for transferring and collecting both dry and liquid material
- 8 Flat spatulas of various widths and lengths ideal for mixing, scraping and spreading
- 2 V-shaped spatulas of different sizes
- Polished stainless steel for long life and easy cleaning
- A carrying case protects all tools when not in use
- Autoclavable Scienceware®

Cat. No.	Description	Price
M110101	Micro Spoon and Spatula Set	\$88.45

## Sterile Scoop

- Large capacity; great for wide-mouth containers
- One-piece molded polystyrene
- Round contour prevents material retention
- Individually sterilized and bagged in a polyethylene bag
- 2 oz. & 4 oz. sampling scoops have been improved with a longer handle
- Scoops remain upright when filled

### Spinplus®

- Add speed and efficiency to your mixing
- "Plus sign" shape creates a deep vortex
- Stable, quiet operation

Cat. No.	Size (mm, in)	Price
M428150-1000	9.5 x 9.5, ( $\frac{3}{8}$ x $\frac{3}{8}$ )	\$11.62
M428150-9999	19.1 x 19.1, ( $\frac{3}{4}$ x $\frac{3}{4}$ )	13.22
M428150-1001	25.4 x 25.4, ( $1$ x $1$ )	14.08
M428150-1003	31.8 x 31.8, ( $1\frac{1}{4}$ x $1\frac{1}{4}$ )	16.04

### Octagon, Spinbar®

- Most commonly used bar
- Interrupted profile provides greater surface area & added turbulence
- Molded on pivot ring aids in reducing friction & chattering

\*No pivot ring on this model

Cat. No.	Size (mm, in)	Price/Ea	Price 50+
M428145-1218*	12.7 x 3.2, ( $\frac{1}{2}$ x $\frac{1}{8}$ )	\$5.41	\$4.71

M428142-0003	12000 & 22000	76 x 19.1, ( $3$ x $\frac{3}{4}$ )	37.98

### Flea Micro, Spinbar®

- Designed for small volume vessels such as vials & tubes
- Ideal for environmental testing & applications in which small sample volumes need to be prepared & evaluated
- Other sizes and colors available, please call

Cat. No.	Size (mm, in)	Price/Ea	Price 50+
M428150-0635	6.35 x 3, (0.250 x 0.118)	\$7.01	\$6.11
M428150-0008	8 x 1.5, (0.315 x 0.059)	6.40	5.07
M428150-0010	10 x 3, (0.394 x 0.118)	7.01	6.11
M428150-0127	12.7 x 3, (0.500 x 0.118)	7.01	6.11

### Octagon, Spinbox™ Assortment

- Convenient bar assortment in storage box
- With pivot ring

- One each in blue, red and yellow:

$\frac{1}{2}$  x  $\frac{1}{8}$ ,  $\frac{1}{2}$  x  $\frac{5}{16}$ ,  $\frac{5}{8}$  x  $\frac{5}{16}$ ,  $\frac{7}{8}$  x  $\frac{5}{16}$ ,  $1$  x  $\frac{5}{16}$ ,  $1\frac{1}{2}$  x  $\frac{5}{16}$ ,  $2$  x  $\frac{5}{16}$ ,  $3$  x  $\frac{1}{2}$

Cat. No.	Description	Price
M428163-185	Color Coded Spinbox™	\$266.40

### Standard & Micro, 16 Count

- 12 Standard - 2 each:

$\frac{1}{2}$  x  $\frac{5}{16}$ ,  $\frac{5}{8}$  x  $\frac{5}{16}$ ,  $1$  x  $\frac{3}{8}$ ,  $1\frac{1}{2}$  x  $\frac{3}{8}$ ,  $2$  x  $\frac{3}{8}$ ,  $2\frac{1}{2}$  x  $\frac{3}{8}$  in.

- Micro Flea bars - 2 each:

7 x 2mm 10 x 3mm

Cat. No.	Description	Price
M428162	White, Standard & Micro Spinbox™	\$129.79

### Spinpak® Assortment, Six Pack

- Octagonal have a pivot ring
- Round Bars have a removable pivot ring
- Six Spinbars® per pack
- M428143-10 comes in 1 size and includes 2 of each color (yellow, blue, and red) per pack

Cat. No.	Description	Contains 2 Each	Price
M428143-00	Octagonal	$1$ x $\frac{5}{16}$ , $1\frac{1}{2}$ x $\frac{5}{16}$ , $2$ x $\frac{5}{16}$ in.	\$46.16
M428143-05	Flea Micro	$8$ x $1.5$ , $7$ x $2$ , $10$ x $3$ mm	38.41
M428143-10	Octagonal	All $1$ x $\frac{5}{16}$ in.	49.97
M428167	Round	$1$ x $\frac{5}{16}$ , $1\frac{1}{2}$ x $\frac{5}{16}$ , $2$ x $\frac{5}{16}$ in.	58.69

### Stirbar Remover, T-Handle

- Unique T-handle design with strong magnet
- Removes stir bars from solution, keeping your hands away from solution
- Holds stir bar against container wall while pouring solution
- Constructed of PP

Cat. No.	Description	Price
M106565	Blue T-Handle Stir Bar Remover	\$32.50/1

## Digital Hot Plates, Stirrers & Digital Hot Plate Stirrers

- Consistent repeatability via microprocessor controlled technology
- Pyroceram® ceramic top provides uniform heating; easy to clean and highly resistant to scratches, corrosion, and chemicals
- Stirring hotplate has twin display that shows both temperature and stirring for greater accuracy
- Safety LED stays lit when plate is over 60°C, (even when unit is off)
- Temperature sensor provides power cutoff if unit overheats
- Housing features external spill trough to deflect spills away from electronics and control knobs
- Small footprint & low profile, fits inside hoods or storage cabinets
- Optional external temp. controller sets & maintains liquid temp.
- Temp. Acc.  $\pm 2^\circ\text{C}$ ; Stir speed at  $\pm 5\%$ ,
- **Kit includes:** temperature controller, support rod & stir bar retriever UL Approved
- 2 YEAR WARRANTY

*buy me because .....Of my angled front panel that puts controls at your fingertips and makes the LCD easy to read.*

## Hot Plate, Stirrer & Hot Plate Stirrer; Analog

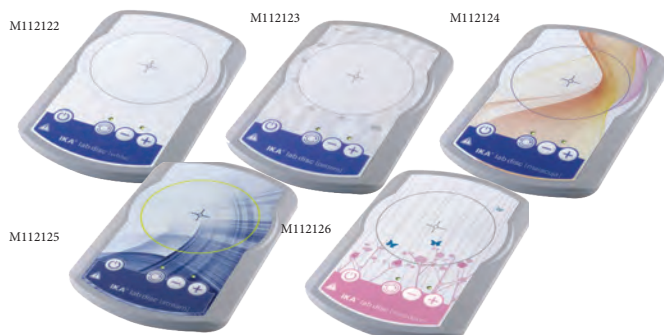

*buy us because .....*

*we are exceptionally durable with a chemical resistant white ceramic work surface.*

- Analog controls; space efficient 8 x 9 Inch footprint
- Large Ceramic platform of 7.5 x 7.5in is durable & chemical resistant
- Advanced microprocessor control employs turn knobs allowing quick, precise adjustment / maintenance of speed & temperature
- Safety indicator LED's on panel indicates unit is on
- Accepts borosilicate glass beakers, flasks, bottles or other vessels
- M110176 includes mounting rod for thermometers & temp. probe
- 2 YEAR WARRANTY

Cat. No.	Unit	Range	Price
M110174	Magnetic Stirrer	60-1500 RPM	\$209.90
M110175	Hotplate	50 - 380°C	209.90
M110176	Hotplate and Stirrer	50 - 380°C	319.90

## Lab Disc Ultraflat Magnetic Stirrer

- Ultra-flat compact magnetic stirrer, modern magnet coil technology
- Wear-free drive with no moving parts
- To ensure better mixing, the lab disc can reverse direction of rotation automatically every 30 seconds
- High IP protection class (IP 65); Slip-proof, safe stand
- Set-up plate and casing made from chemically resistant materials

### Specifications:

Max. Stirring Quantity:	0.8 L	
Speed Range:	15 - 1500 rpm	
Motor Rating Input/Output:	5W / 3W	
Stirring Bar Length Max.:	25 mm	
Set-up Plate Material:	Polyester	
Permissible Ambient Temp.:	5° - 40°C	
Permissible Relative Moisture:	80%	
Dims. (WxHxD)/Wgt.:	117 x 12 x 180 mm / 0.3 kg	

Cat. No.	Description	Price
M112122	White, Ultraflat	\$248.00
M112123	Pattern	248.00
M112124	Stream	248.00
M112125	Meadow	248.00
M112126	Maracuja	248.00

## Mini-Stirrers, Magnetic

- My internal Speedsafe Mechanism ensure the maximum speed of 1000 RPM is never exceeded
- Light, compact in ABS housing that resists most chemicals
- Comes with micro stir bar
- 2 YEAR WARRANTY

	M280005	M280007	M280006
Speed Range (RPM):		100 - 1000	
Environment:		0 to 50°C, RH max 95%

## Rotator, Revolver™

**buy us because .....**

*I mix it horizontally, vertically, or any position in between.*

- Interchangeable rotisserie options for all common lab tubes; accept tubes from 1.5 ml to 50 ml
- Independently adjustable rotisseries
- Cold room and incubator compatible
- Unit is split into two halves; can mix more than one tube type at the same time and rotate independently from center shaft
- Ideal for a Molecular Biology, Biochemistry, clinical or Histochemistry; ideal for delicate samples
- Small enough to fit on a crowded bench
- Easy to clean and decontaminate

Speed range*:	Fixed, 18 rpm
Rotation:	Complete 360°
Rotation Axis:	Continuously, Adjustable, 0 - 90°
Operating Temp.:	+4° to 65°C
Dims:	9.4W x 5D x 6H in; Wgt. 4.4 lb

Cat. No.	Description	Price
M111329	Tube Mixer w/Carousel for 36x1.5 tubes	\$427.45
<b>Optional Carousels</b>		
M111330	For 36 1.5/2.0 ml Tubes	\$44.30
M111331	For 10 10/15ml Tubes & 16 5/7ml Tubes	44.30
M111332	For 6 50 ml Tubes	44.30

## Magnetic Stirrer, 10 Channel

*with or without heat*

**buy us because .....** *Of our high performance and low price*

- Powerful rotary drive providing consistent sample conditions across each position for volumes up to 400 mL
- 10 Stirring positions for optimum use of laboratory space
- Stainless steel plate with silicone films, anti-slip and anti-corrosion
- Heat only, stir only, or heat and stir simultaneously
- Electronic speed control for constant speed even during load changes
- Individually controlled stirring for consistency with various samples
- High magnetic adhesion; variable speed of motor
- Long life, quiet, brushless motor; CE Marked
- 2 YEAR WARRANTY

See Page 61 for Stir Bars or visit [www.labmart.com](http://www.labmart.com)

Speed Range:	0 - 1100
Plate Dimension:	17L x 7.5W", Stainless Steel
Stirring Point Position Quality:	90mm
Max. Magnetic Bar:	40mm
Heating Range M111295:	RT - 120°C; 470W
Dimension:	24"L x 8"W x 2.5"H, wt: 11 lb.

Cat. No.	Magnetic Stirrer	Price
M111294	Stirrer	\$992.00
M111295	HotPlate Stirrer	1,550.00

## Vortexer, Mortexer™

**buy me because .....**

*I have more power, more flexibility....more vortexer!*

- Multi-Head™ (included) simultaneously mixes 8 - 1.5 or 2.0ml tubes, or single tubes up to 50mL
- Increased speed, up to 3400 rpm produces an instant vortex of even the largest sample sizes, including full 50ml tubes
- Cold room/incubator compatibility
- Spill-proof electronic controls
- "No-walk" suction feet
- Powerful motor for INSTANT vortexing
- Q-Drive™ technology (smooth vortexing action, while minimizing noise and excessive vibration)
- 2 YEAR WARRANTY

Speed range*:	200 to 3400 rpm, Variable
Operating Modes:	Touch or continuous
Orbit:	3mm
Operating Temp.:	+4° to 65°C
Dims:	5W x 6.3D x 6.7H in; Wgt. 8.4 lb

Cat. No.	Description	Price
M111348	Vortex Mixer, with Multi-Head	\$249.00
<b>Optional Attachments</b>		
M283001	3 in. Flat Head	\$22.00
M283002	Combination head for one microplate & microtubes (38x1.5 & 28x0.5)	44.00
M283003	For 12 x 1.5ml, Horizontal	\$82.80
M283004	For 4 x 15ml, Horizontal	82.80

## 64 STIRRING

### Vortex Mixers

Adjustable

Adjustable or Fixed Speed

Fixed

**buy us because .....** We are suitable for touch or continuous operation.

- Orbital shaking movement
- **M111310** has stepless speed regulation of motor
- **M111310** be used for various shaking application with optional adapters for Eppendorf etc
- Sturdy cast casing
- Excellent vibration damping; due to the specially designed silicone feet & steel base
- Eccentric with oilless ball bearings
- CE ISO 9001/13485 Certified
- 2 YEAR WARRANTY
- **Universal Adapter** must be purchased separately in order to use the foam inserts with the variable speed, (M111310) model only

Speed Range: 0 - 2500  
Operating Modes: Touch or Continuous\*  
Orbit Dia.: 4mm  
Operating Temp. Range: 5 to 40°C  
Dimension: 127 x 130 x 160, wt: 3.5 kg.

Cat. No.	Vortex Mixer	Speed Range	Price
M111310	Adjustable Speed	0 - 2500	\$182.00
M111311	Fixed Speed	2500	150.00
<b>Foam Tube Inserts (for use with Universal Adapter sold separately)</b>			
M111313	For 48 test tubes Ø6mm		\$63.00
M111314	For 18 test tubes Ø10mm		33.00
M111315	For 12 test tubes Ø12mm		30.00
M111316	For 8 test tubes Ø16mm		30.00
M111317	For 8 test tubes Ø20mm		30.00
M111312	Universal Circular Adapter to use with Foam Inserts or Flat head Platform Pad		\$30.00
M111318	Flat Head Platform Pad, for use with M111310		10.00

### Cell Disruptor, The Disruptor Genie®

Analog

Digital

**buy us because .....** Our unique, multi-directional action for simultaneous agitation and vortexing

- Rapid, hands-free, disruption of up to 12 microtubes (1.5ml or 2.0ml) at a time with the Universal Microtube Holder
- Dramatically increase cell disruption efficiency
- Speed timer - continuous for both models, (Analog: up to 15 min.) (Digital: up to 99 min.)
- Suitable for use in cold rooms or incubators
- Less costly than ultrasonic units or homogenizers
- Must use with Disruptor Beads™ for optimum results
- Digital model is ideal for accurate, reproducible, repeatable results with its adjustable speed and speed alarm features
- Supplied with Microtube holder for (12) microtubes (tubes not included), and Pop-off Cup. Base: 6.5 x 4.8 x 7.5in
- Stir speed at ±5%,
- 2 YEAR WARRANTY

#### Disruptor Beads™ Applications

- Ideal for difficult glass bead procedures - cell disruption/homogenization of yeast, bacteria, plant & animal tissue & pellet re-suspensions or extremely violent high-speed agitation
- Made from spherical lead free soda lime glass
- Remove the microtube holder and attach the supplied Pop-off Cup for high-speed vortexing of single test tubes

Cat. No.	Description	Speed RPM	Price
M111106	Analog	3000	\$587.00
M111107	Digital	1000-3000	680.00
<b>Accessories</b>			
M111108	Universal Microtube Holder		\$67.00
M189203	Replacement Pop-off Cup		25.00
M111109	Beads, 0.1mm, (8 fl. oz.), For Bacteria		26.00
M111110	Beads, 0.5mm, (8 fl. oz.), For Yeast		26.00

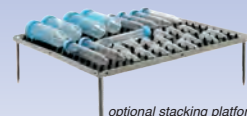

### Platform Rocker, BenchBlotter™

**buy me because .....**

I have the ideal rocking speed and tilt angle for gentle mixing.

The LabMart Brand

- Sizeable work space, small footprint with a low profile
- Easy to operate, just press button and start rocking
- Easy to transport
- Use in incubator or cold room
- **Applications:** wide variety of general purpose uses; optimized for blot washing, gel staining/destaining and hybridization
- **Optional Accessories:** Dimpled mat for centrifuge tubes with multiple platform tie-down points. Stacking platform maximizes worksurface to save \$ and bungee cord, with 7 to 18 inch working size. Non-skid mat (included) to keep vessels in place
- 2 YEAR WARRANTY

Speed: Fixed at 12 RPM  
Tilt Angle: ±8°  
Platform Size: 12 x 12 in. / 30 x 30 cm  
Load Capacity: 5 lbs. / 3.2 kg  
Operating Range: +4 to 65°C  
Dimensions: 13.5 x 11.8 x 4.7 in. / 6.5 lbs.

## Triple Display

- Triple temperature display of current, min. & max. temperatures on a continuous display
- Use in freezers, refrigerators, incubators, water baths and block heater or to monitor ambient temp.
- Features: audible alarm, flip-open stand, wall mounting key hole, C/F switchable, battery included
- Program to monitor temp. for periods of time, ie. overnight or weekend
- Probe is housed in unbreakable plastic bottle or vial filled with a non-toxic or non-hazardous liquid medium
- Bottles & thermometers have double magnets to attach to doors or walls
- NIST Traceable

**buy me because .....**

## Traceable Digital

### buy us because .....

We have multiple models for many applications such as food QA/QC, water testing, production line sampling, HVAC and food services.

- Traceable to N.I.S.T., certificate provided proving traceability
- Two temperature ranges and reads temp in C° or F°
- Stainless steel probe with sheath
- Easy-to-read LCD for accurate temperature readings
- Swivel head adjusts to 30°, 60°, and 90° for easy viewing
- M107614, M110609 & M106339 are waterproof
- M106339 has a head size of 2 x 1 in.
- M110609 has an accuracy of ±1°C and is drop-proof from 5 ft.
- Automatic power off Batteries Included CE

M231500	Long Stem	-58° - 302° / -50° - 150°	\$56.01
M451301	Swivel Head	-58° - 302° / -50° - 150°	28.05

## Pocket Infrared Thermometer

- Non-invasive, no-touch measurements
- Ideal for life sciences, clean rooms, pharmaceuticals, field use, electronics, petroleum products, and food use
- Reads both °F and °C of any surface—solids, semisolids, and liquids
- Features: reading "HOLD", low battery, pocket clip and key-chain with lanyard
- Field of view is 1:1
- Fixed emissivity of 0.95 covers 90% of all applications
- Batteries included
- Dim.: 3 1/4 x 3/4 in. wgt. 3/4 oz
- NIST Traceable®
- ISO 17025 Cert. provided

**buy me because .....**  
Just simply point and shoot for reading in less than one second

## 66 THERMOMETRY

### Ever-Safe® Thermometer

- Great for student use because it contains no carcinogenics
- Biodegradable liquid and dye
- Easy to read blue liquid filling
- Individual serialization
- Permanently fused scale
- Statement of accuracy included

### Angled Thermometer Storage Trays

- Inclined angle to prevent separation of liquid column
- Keep thermometers handy and properly stored
- Polystyrene
- Numbered slots

Cat. No.	Capacity	Dim. (W x H x D)	Price/Pk
M108954	3 Slots	4 x 17 x 1.25"	\$159.28/5
M108955	14 Slots	17.4 x 13.4 x 1.2"	137.62/2

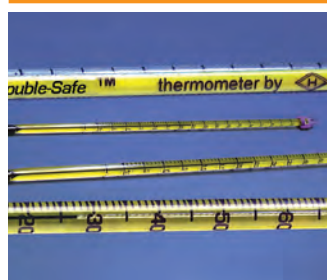

### Wireless Thermometer Set

- Reads the temperature inside an environmental chamber or clean room without opening door
- Waterproof sensor continuously monitors ambient temperature from a remote location
- Sensor range (to monitor): 100 ft.
- Monitor reads up to 3 temp. sensors (additional sensors sold separately); Displays in °C or °F, max-min recall, audible/visual alarms and low battery
- Includes: monitor, sensor, bench stand/wall mount and batteries
- Dims.: 4 x 2 1/2 x 1 in.
- 5 YEAR WARRANTY

Specifications	Monitor	Sensor
Range:	0 to 50°C (°32 to 122°F)	-20 to 60°C (-4° to 140°F)

### Alarm Thermometer

#### M103692 and M103692C

- Allows user to set minimum and maximum temp. alarms on both the internal and external sensor
- External sensor is waterproof and can be used outdoors or in liquid
- Simultaneous displays of ambient indoor and external sensors temp. with min-max readings in C or F
- Ideal for labs, incubators, refrigerators, water baths, drying chambers and fume hoods
- 5 YEARS WARRANTY

#### M103693 and M103693C

- Same as M103692 but with humidity instead of external temperature
- Ideal for pharmaceutical and semiconductor clean rooms, warehouses, museums, environmental cabinets greenhouses and ripening rooms
- Dim.: 4 1/8 x 2 3/4 x 6/8 / 3oz.

*buy me because .....*  
I work on land, sea or in the air.

## Time Controller, Count-Down

- Ideal for recorders, electrophoresis equipment, pumps, hot plates, water baths, ovens and sterilizers
- Programs can run from one minute to ten hours in duration
- Easy to set; manual override
- Built-in self-recharging battery backup ensures operating even w/ power failure
- Dual inputs for control of two devices simultaneously
- 1 YEAR WARRANTY

*buy me because .....*  
*I can be programmed to shut off power in real time with up to 8 on/off settings per day, a total of 56 settings per week. Use me to control equipment with heating elements.*

### Specifications:

Resistive / Tungsten Load:	15 Amps (125V) / 15 Amps (1875 W)
Motor:	1 HP
Dimension:	5 1/2 x 3 x 2 in. / 114 x 75 x 55 mm
Weight:	7 oz. / 200 g

Cat. No.	Description	Price
M110680	Count-Down Time Controller	\$57.50
M110681	Count-Down Time Controller w/ NIST	90.00

## Stopwatch, Transparent Red

- Larger display; 1/2 in. high digits
- Lightweight ergonomic design with large control buttons
- Counts to 24 hrs. in 1/100th sec. resolution for first 30 mins.
- Split interval function
- Features a 12/24 hour alarm clock, calendar & an hourly chime optional
- ROHS & CE Compliant

SPER  
SCIENTIFIC

### Specifications:

Count Up:	1	Count Down:	0
Alarm:	Yes	Clock:	Yes
Range:	12 / 24 Hrs.	Resolution:	1 / 100 Sec.
Dims. (in.):	3 x 3 x 3/4	Weight:	1.6 oz.
Warranty:	5 Year	Battery:	included

Cat. No.	Description	Price
M106340	Stopwatch	\$31.35

## 5 Channel Timer

- Simultaneous timing w/ 4 independent channels that count up or down
- Different alarm sound for each channel
- Automatically counts time elapsed after the alarm
- Memory recalls last setting
- Includes stand, pocket clip, magnet and large display

SPER  
SCIENTIFIC

### Specifications:

Count Up:	4	Count Down:	4
Alarm:	Yes, 1 Min.	Clock:	Yes
Range:	1 Sec. - 100 Hrs.	Resolution:	1 Sec.
Dims. (in.):	2 7/8 x 2 1/2 x 9/16	Weight:	2 oz.

M107944	Continuous Alarm Timer	\$17.00
M107944C	Timer w/NIST Certificate	43.00

## Well Cell Culture Plates, Costar®

M105128

M107968

M105129

- Nonreversible lids w/ condensation rings to reduce contamination
- Certified nonpyrogenic
- Sterilized by gamma irradiation
- Treated for optimal cell attachment
- Uniform footprint for ease in stacking
- Individual alphanumeric codes for well identification
- Individually packed unless otherwise indicated
- All culture plates have flat bottoms except for M105137 & M107973 that have round bottoms and M105138 with a V-shaped bottom
- CORNING

### About Sealing Films:

- ✓ Superior quality films and adhesives with uniform, consistently-applied adhesive
- ✓ Two end tabs for easy and Accurate Positioning on plate
- ✓ Removable Ends Tabs are perforated with removable backing for easy and accurate positioning and ensure secure sealing around plate
- ✓ Packed in zippered bags within white cardboard boxes for easy stacking and storage

## Microplate Sealing Films

SEALPLATE™

### SealPlate™ - for ELISA, EIA &

### General Incubator

- Non-pierceable 50 µm thickness polyester films minimize evaporation, prevent spillage & contamination between wells, & provide a secure seal, not just a cover
- Eliminates "edge effects" in sensitive ELISA assays
- Can also be used with tissue-culture plates for short-term storage, incubation and containment of biohazards
- Functional temp. range of -40°C to 120°C
- **Dim (mm):** 79.4 x 146.1

### ColorTab™ - for Plate Identification

- Identical to General Use SealPlate™
- End tab has a color dot and white writing are for plate ID
- End tabs can be left on the plate after film is removed
- Second end tab can be inserted in lab notebook for record keeping
- **Dim (mm):** 79.4 x 146.1

### ThinSeal™ - for use with Pipettor

- Identical to general use SealPlate™
- Thinner, 25 µm thick, slightly clearer version of SealPlate™
- Marginally pierceable by a single-channel pipettor for sample recovery
- **Dim (mm):** 79.4 x 141.0

### MiniStrips™ - for use with 8 - Wells

- Identical to SealPlate™, but designed for sealing only one or two 8-well rows at a time on either strip-well plates or standard plates whenever rows must be selectively protected or accessed (Comes in sheets of 4)
- Perforated tabs can be removed or sealed around plate edge
- Use as secondary seal to cover pierced films
- Sterile product packaged in temper-evident bags of 100
- **Dim (mm):** 19.0 x 103.2 w/ tabs removed: 19.0 x 82.6

## Treated Petri Dishes

- Uniform hydrophilic surface is ideal for consistent cell attachment
- Lids contain molded spacers for gas exchange and stacking rings for increased stability
- All dishes are supplied with lids
- 35mm dish has off-set bottom for improved handling
- 60, 70 & 100mm dishes features a pronounced grip ring for improved handling
- Packaged sterile (gamma irradiated)
- Available in five diameters and three heights

Cat. No.	Dish	Growth Area	Price/Cs
11-0355-01	35 x 10	8.5cm <sup>2</sup>	\$120.00/500

## Inoculating Loops & Needles

- Dual use inoculating loops; with 2 loops or a needle and loop on each end
- Sterilized and individually wrapped

Cat. No.	Description	Color	Price/Cs
M106297	1 µl Loop/Needle	Blue	\$98.87/500
M106298	10 µl Loop/Needle	Yellow	112.35/500
M106299	10 µl Loop/1 µl Loop	Natural	108.15/500

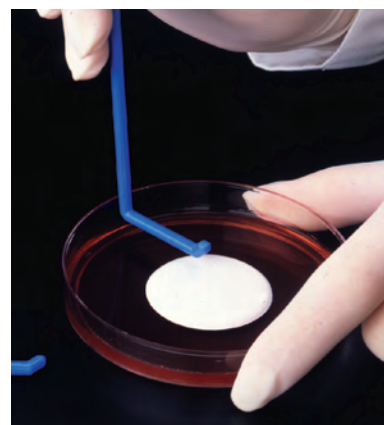

## Petri Dishes, Polystyrene

- Molded from medical grade virgin polystyrene; optically clear
- Flared lid w/ 3 venting ribs for reducing condensation
- No quarantine and no residue
- Plate style is slippable with Isobar
- Radiation sterilized, disposable, affordable and traceable by lot
- Packaged 25 dishes/sleeve, 20 sleeves/case

Cat. No.	Description	Price/Cs
M217321	Petri Dishes 100 x 15 mm	\$110.74/500

M111350	Petri Dishes 100 x 15 mm Bi-Plate	128.18/500

## Lazy-L-Spreaders™

- Unlike glass spreaders, durable polystyrene Lazy-L Spreaders™ are non-breakable and pose no safety hazard
- L-shaped for convenient "lazy" spreading; just turn the Petri dish for smooth, even sample distribution
- Smooth spreading surface and a slight upward turn reduces the chance that spreader will dig into agar
- PreSterilized - eliminates flaming or autoclaving and time wasted on these processes
- Packaged in presterilized pouches of one or 10 each
- Disposable, an economical alternative glass rods

Cat. No.	Description	Price/Pk	6+Pk
M102257	Pouches of 10	\$71.94/500	\$63.94
M105397	Individually Wrapped	93.24/500	83.92

## Portioning Scale, FD Series

*buy me because .....  
of my all stainless steel  
construction for sanitary  
cleaning and durability.*

- Rugged, multi-use portioning scale ideally suited for food portioning and checkweighing
- Checkweighing function for food packaging and preparation with 3-LED indicator and audible alarm
- Internal rechargeable battery assures excellent portability; AC Power also
- Stainless Steel housing and pan; non-slip rubber feet
- **Weighing Units:** lb, decimal/fractional oz, kg, g, & lb:oz
- Stable weight display within 2 secs.
- Pan size of 8.2 x 8.2 in / 209 x 09 mm

- NSF Cert., USDA/AMS Accepted, Supports HACCP-Certified Systems, EC/OIML Type approved
- 2 YEAR WARRANTY

Cat. No.	Cap. (g/lb)	Readability (g/lb)	Repeat. (g)	Price

## Stainless Steel Scoops

M109314

M101073

- Heavy duty seamless body
- Tubular handle for easy handling
- Utility scoop: 40oz capacity, 12 in. long, 5 x 7 1/2 in. bowl
- Ice scoop: 5 x 7 1/2 in. bowl

Cat. No.	Description	Price
M101073	Utility Scoop	\$218.85
M109314	Ice Scoop	22.61

## Washdown Scales

*buy me because .....I have a stainless steel  
body making me both dust and waterproof, toss  
me in the dishwasher.*

- High resolution of 1/3,000 with mode selection of lb/kg/oz
- Temperature compensated
- **Features:** stability indicator, clear LCD display, auto power off, tare function, full scale push button tare/zero
- Portable (2 lbs), SS construction
- IP65/NEMA-4X
- 2 YEAR WARRANTY

### Specifications:

#### Display:

12 mm / 0.5 in., 7 Segment LCD

#### Operating Temp.:

-10 - 40°C / 14 - 104°F

#### Dims. (HxWxD):

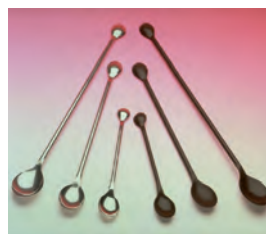

63 x 170 x 220 mm / 2.5 x 6.68 x 8.64 in.

#### Power:

6AA Batteries (not included) or Optional Adapter

## Brix Refractometer

- Ideal for testing honey, maple, sauces, jams, jellies, beverages, soups
- Digital rugged, portable, water resistant
- Quick, precise results in 1.5 seconds
- Easy measurement; place a few drops in sample well then press read
- Use sample size as small as 2 drops
- Stainless steel well, easy to clean, corrosion resistant
- Single point calibration; calibrate with distilled or deionized water
- Auto Temp Comp (ATC) between 10 and 40°C (50 to 104°F)
- Auto shut off, low battery alert
- Dual-level LCD displays measurement & temp. Simultaneously
- Waterproof; IP65 waterproof protection for harsh conditions
- 2 YEAR WARRANTY, ISO 9001:2000
- Dim.: 19.2(W) x 10.2(D) x 6.7 (H)cm / Wgt: 420g (14.8 oz.)

**buy us because .....**we eliminate the uncertainty associated with mechanical refractometers and I am portable for measurements in the field.

### Specifications:

**Range:** 0 to 85% Brix / 0 to 80°C (32 to 176°F)

**Resolution:** ± 0.1% Brix / ± 0.1°C (±0.1°F)

**Accuracy:** ± 0.2 % Brix / ± 0.3°C (±0.5°F)

Cat. No.	Description	Price
M111051	Brix	\$169.00
M111052	Fructose	169.00
M111053	Glucose	169.00
M111054	Invert Sugar	169.00

## Putty Knives and Scrapers

- Heavy gauge high carbon stainless steel for a stiff blade
- Hardened & tempered / Ground & polished / Beveled edge
- Full-tang / Compressed Brass riveted
- Non-slip Maple handles / eyelet for hanging
- **Blade Length:** 3 5/8" **Overall Length:** 7 1/2" (except for M111041 at 7")

**Putty** - Stiff blades have bevel edge; Flexible blade are taper ground.

**Heavy-Duty Putty Knife** - Extra heavy stiff blade. One side bevel. Ideal for heavy scraping and gasket removal.

**Brass Chisel** - Narrow 3/4 in blade. Ideal for work in tight spots.

Cat. No.	Type	Blade Wth (in)	Blade Type	Price/Pk
M111033	Putty	1 1/4	Stiff	\$126.00/12
M111034	Putty	1 1/4	Flex	126.00/12
M111035	Putty	1 1/2	Stiff	138.60/12
M111036	Putty	1 1/2	Flex	138.60/12
M111037	Putty	2	Stiff	151.20/12
M111038	Putty	2	Flex	151.20/12
M111039	Heavy Duty	1 1/2	Stiff	151.20/12
M111040	Brass Chisel	3/4	Chisel	113.40/12

## Samplers

- Lightweight and convenient
- Designed for single use
- Individually sterilized and wrapped
- Sturdy polystyrene Sterileware®

**Scoops with lids** - eliminate the cost of separate sterile bags or containers. Remove lid to sample and replace to use the scoop as a container.

**Large Spoon** - For sample collection of semi-solids, viscous liquids or bulk materials. A strong, rigid handle withstands pressure without breaking.

**Mini Tongs** - Ridged inside surface is ideal for gripping food samples.

**Knife** - Designed for cutting small samples. Features one serrated edge and one smooth edge.

**Spatula** - A sharp V-shape for puncturing bag and direct sampling; ideal for powdered or granulated material.

Cat. No.	Description	Cap.	Length (in.)	Price
M392022	Scoop w/ Lid	2 oz	8	\$278.63/100
M392024	Scoop w/ Lid	4 oz	8 11/16	340.51/100
M103920	Large Spoon	25 ml	10	61.47/ 25
M105353	Mini Tongs		4.25	40.87/ 25
M392008	Sampling Knife		7	345.43/200
M398200	V-Shaped Spatula		9	127.43/100

## Precision Food Thermometer

### HIGH ACCURACY IN A PORTABLE METER

- Easy to take anywhere, water resistant case
- Specially designed microprocessor provides unsurpassed accuracy
- Calibration keys can be purchased to guarantee accuracy
- Pre-calibrated interchangeable probes
- Measure air, gas liquids, or solids
- Large oversized LCD
- Memory function enable the user to retrieve Hi / Low temperature readings

Calibration keys for easy accuracy checks. Simply plug in the key and if the meter does not display the correct temp you know it is due for re-calibration. Rubber boot can be purchased to protect the case for long use. Supplied with rugged penetration probe, and powered by 3 x 1.5V AA/ approximately 2000 hours of use.

### Specifications:

**Range:** -50° to 150°C

**Resolution:** 0.1°C

**Accuracy:** ±0.4°C (-20° to 80°C)

Cat. No.	Description	Price
M104269	Food Thermometer with Probe (1.3m cable)	\$112.00
M104271	Blue Rubber Boot	37.00

## Hot Hands

- Safe, non-slip protection against very hot or cold surfaces
- Handle hot glassware safely without gloves
- Durable silicone rubber construction that remains flexible from -57°C (-70°F) to 260°C (500°F)
- End pockets accept thumb and fingers to grasp objects
- Multiple studs with concave tips cover surface of the Mitt, providing secure grip on virtually all hot/cold surfaces
- Measures 10 x 19cm (3-7/8" x 7-1/2")
- Available in fashionable lime green, sky blue or red

Cat. No.	Color	Price
M391026	Red	\$23.99
M112070	Lime Green	23.99
M112071	Sky Blue	23.99
